ESTABLISHED AS A WEEKLY: THE WHIG, 1840; THE REPUBLICAN, 1852.

Indiana State Library Newspaper Everybody in Rush County Will Eventually Read."

CHANGED TO SEMI-WEEKLY MAY, 1902; DAILY MARCH, 1904.

Vol. 17. No. 169.

Rushville, Indiana, Wednesday Evening, Sept. 29, 1920

TEN PAGES TODAY

LOCAL RATES ARE DEFINITELY FIXED

Announcement of State Tax Levy
of 22 Cents Makes It Possible
To Compute Them

AN INCREASE OF FOUR CENTS

Total Rate of Every Unit in Rush
County is Raised Except Rush-
ville Township

An increase in the state tax levy
of four cents on each \$100 of tax-
ables, which has just been fixed by
the state board of tax commis-
sioners, raises the rates for the taxing
units of Rush county above the
amount previously estimated.

The total rates for Rush county
were estimated on the assumption
that the state levy would remain at
eighteen cents, but it was increased
to twenty-two cents by the state
board yesterday.

All of the local levies have been
made by the township trustees,
county, town and city officials, and
in order to arrive at the exact rate
for each taxing unit, all that is
necessary is to add the state levy.

The levy for state benevolent
institutions was increased from 3.9
cents to 5.9 cents. The state tuition
tax rate was increased from
5.2 cents to 5.6 cents. The increase
of 1 cent for the educational insti-
tutions makes the state revenue levy
3 cents. The vocational levy re-
mains at 2 cents and the state high-
way levy at 3.9 cents. The new levy
for the state war memorial is 0.6
cents.

The combined rate for each unit
in the county will be as follows:

Carthage corporation, \$2.01, an
increase of 67 cents; poll \$2.75.
Ripley township, \$1.57, an in-
crease of 54 cents; poll \$1.50.
Posey township, \$1.44, an in-
crease of 38 cents; poll \$1.00.
Walker township, \$1.68, an in-
crease of 60 cents; poll \$2.00.
Orange township, \$1.79, an in-
crease of 66 cents; poll \$1.75.
Anderson township, \$1.57, an in-
crease of 52 cents; poll \$2.25.
Rushville township, \$1.15, same
as this year; poll \$1.75.
Jackson township, \$1.83, an in-
crease of 86 cents; poll \$1.75.
Center township, \$1.26, an increase
of 38 cents; poll \$2.25.
Washington township, \$1.215, an
increase of 42½ cents; poll \$1.00.
Glenwood corporation, \$1.695, an
increase of 47½ cents; poll \$1.75.
Union township, \$1.405, an in-
crease of 44½ cents; poll \$1.50.
Noble township, \$1.45, an increase
of 48 cents; poll \$1.00.
Richland township, \$1.26, an in-
crease of 36 cents; poll \$1.50.
Rushville city, \$2.115, an in-
crease of 42½ cents poll \$3.00.

It will be noted that the rate is
increased in every unit in the county
with the exception of Rushville
township, where it will be the same
next year as this. The increases for
the most part were due to the in-
creased expenses of conducting the
schools and in some instances due
to renewed activity in road building,
which resulted in the gravel road
bond and interest tax being boost-
ed.

ACCEPTS BANK POSITION

Luther Colestock, a former em-
ployee at Oneal Brothers, has ac-
cepted a position as a book keeper
in the Rushville National bank.

BLACK FUNERAL THURSDAY

The funeral services for Charley
Black will be conducted tomorrow
afternoon at two o'clock at the re-
sidence in North Hannah street by
the Rev. C. S. Black. Burial will be
made in East Hill cemetery.

MOVING TO NEW YORK

Mrs. Tom J. Geraghty and family
will leave in a few days for New
York City for permanent residence,
according to word received here
from Hollywood, California, where
they have been living for the past
few years. Mr. Geraghty recently
accepted a position as manager of
the Famous Players-Lasky motion
picture studio at Long Island City.

SEES REPUBLICAN VICTORY

Former Newspaper Publisher Visits
in Rushville Today

Frank X. Morrison of Worthing-
ton, Ind., former newspaper pub-
lisher, who is traveling over the
state as a representative of the re-
publican state committee, visited
here today for a few hours. He
could see nothing but rosy pros-
pects for the republican party in
the fall election.

Mr. Morrison declared that the
republicans would roll up a major-
ity of 80,000 in Indiana and that a
number of counties which have al-
ways been democratic would go re-
publican. He asserted that in his
travels over the state he had found
the democrats unorganized.

ANKLE BROKEN WHEN TRUCK HITS BUGGY

Physicians Says Mrs. Grover
Thompson Will be Permanent
Cripple as Result of Accident

BONE PROTRUDES 6 INCHES

Mrs. Grover Thompson of near
Milroy, is in the Dr. Sexton hospital
in this city, as the result of an ac-
cident yesterday afternoon about
three o'clock, when the buggy in
which she was riding was struck
and turned over by an automobile,
three miles north of Milroy. Mrs.
Thompson sustained a broken right
ankle.

She was accompanied in the bug-
gy by her mother, Mrs. James
Snoddy, and pulled out to the side
of the road to allow a large truck
pass, and as the road had just
been graveled and scraped, the
truck skidded and struck the buggy
overturning it.

Mrs. Thompson was taken to the
office of Dr. C. S. Houghland in Mil-
roy and when the seriousness of her
injuries were ascertained, she was
brought to the local hospital. The
bone of her leg at the joint penetra-
ted the flesh for six inches, and the
ankle bone was broken. She will be
a permanent cripple, as the ankle
joint will be left stiff, the physician
says. Her mother escaped with only
a few bruises.

The truck was built to resemble a
house and was being driven from
Michigan to Florida.

HARDING'S PRIVATE CAR JUMPS THE TRACK

Presidential Party in Narrow Es-
cape When Train Bumps Along
Ties Over Narrow Trestle

TRUCKS OF THE CAR BREAK

Millwood, W. Va., Sept. 29.—Sen.
Warren G. Harding and his entire
party had a narrow escape today
when his private car jumped the
track near Millwood, W. V., and
bumped over the ties across a huge
narrow trestle before the train
could be stopped. No one was in-
jured.

The front trucks of the car were
smashed. The party was immedi-
ately transferred to another car and
continued on their journey, leaving
the private car standing on the
track.

The train was travelling 40 miles
an hour when the trucks of the
Harding car broke, while entering a
switch. Railroad employes stated
the switch was not open. The rear
truck of the "Ideal" jumped the
track. The train ran 900 feet across
the trestle over a large creek be-
fore it was stopped.

Senator Harding was in his draw-
ing room at the time of the ac-
cident and Mrs. Harding was in her
private compartments. They came
out of the car calmly looking along
the derailed car.

All that saved the Harding car
from falling over the trestle into
the creek below was the timber
guard railing along the end of the
cross ties. All other cars stayed on
the track.

GAMBLERS IN CONSPIRACY INDICTED; TO PROBE "FIXING" OF 1920 SERIES

True Bills Returned Against Men
Alleged to Have Conspired to
Throw 1919 Games. Report Cleve-
land Was to Win Coming Series
to be Investigated.

(By United Press)

Chicago, Ill., Sept. 29.—The first
indictments against gamblers al-
leged to have been connected with
the conspiracy to throw the 1919
world's series to Cincinnati, were
returned by the grand jury today.

"Sport" Sullivan and a man
named Brown were named as the
"fixers" by Claude Williams, the
third of the indicted players to con-
fess to the charge of conspiring to
do an illegal act.

Indictments followed immediately
after Williams told his story to the
grand jury. Williams named all of
the gamblers who were involved in
the deal, according to Assistant
State Attorney Replogle.

Judge MacDonald announced Wil-
liams made a "complete confession."
Immediately after telling his story
to the judge, the player was taken
before the grand jury.

Williams involved the same eight
players as Cicotte and Jackson
mentioned in their stories, the judge
said.

DELAY IN WHEAT SOWING IS URGED

On Account of Warm Dry Weather,
Hatching Out of Hessian Fly
Eggs is Later

ADVICE OF THE COUNTY AGENT

Thinks Farmers Would Profit by
Waiting Until Next Week—Fly
on Volunteer Wheat

The rain of Monday has made
conditions favorable for the hatch-
ing out of the Hessian Fly and they
are now coming out in great num-
bers and laying their eggs on volun-
teer wheat. On account of the
warm dry season during the past
few weeks, the hatching out of the
fly is later than was first announced
and for this reason October 1 might
be two or three days too soon to
sow wheat, it is believed. It is the
opinion of County Agent Ball that
wheat not sowed until next Monday
or Tuesday will be safe.

Farmers over the county are co-
operating very nicely in the matter
of delaying the sowing of their
wheat, only a few going ahead in
the face of certain fly damage. The
majority of the farmers are not
planning to begin sowing before
next Monday, and these should be
safe from fly damage unless they
have some neighbor who would not
wait. One early sown field can in-
fect a whole neighborhood next
spring, even if the majority of the
wheat was not sown till the safe
date.

The seed treating plant is busily
engaged this week, and up to and
including last night a total of 327
bushels of wheat had been given
the hot water treatment so far this
season. Yesterday was the banner
day, when 85 bushels were given
the treatment and today County
Agent Ball expected to treat 100
bushels.

A test being conducted at Shel-
byville by H. C. Painter, represen-
tative of the federal government has
clearly disclosed that it has paid
farmers to wait until after the fly-
free date to sow their wheat. Mr.
Painter's research work has shown
that the danger of the Hessian fly
damage will soon be passed and
that farmers, after waiting this
long, can not afford to endanger
their crop by not postponing sow-
ing a few more days.

It is stated that the rain of this
week caused the fly to hatch so
rapidly that the danger will be past
in a few days. September 30 was
fixed early in the season as the fly
Continued on Page Two

"We now have all the evidence
necessary to go ahead and prose-
cute everyone interested in the con-
spiracy—players and gamblers
alike," the judge declared.
"We don't need any more evi-
dence."

New York, Sept. 29.—District
Attorney H. Lewis announced today
that he will start an immediate in-
vestigation into the report that a
gambling clique was operating in
an attempt to bribe the players of
the Brooklyn team to throw the
world's series this year to the
Cleveland Indians.

Lewis said that following rumors
published in New York of such an
attempt, he sent a message to
State's Attorney Hoyne in Chicago
and also got in touch with officials
of the Brooklyn club.

The latter assured him the en-
tire team would appear in his office
Friday morning.

With the information that Hoyne
was in New York, Lewis said he
communicated with him immedi-
ately.

"If there are any players on the
Brooklyn team concerned in any
way in this matter, I will suspend
them at once," Charles H. Elbette,
president of the Brooklyn club, told
District Attorney Lewis today.

CENTER ENERGIES ON REGISTRATION

Political Managers Make Final
Drive to Get Voters Qualified For
Voting Nov. 2

LAST REGISTRATION MONDAY

Campaign is Expected to Grow More
Interesting—Republican Meeting
Saturday

Political managers in the county
are centering their efforts this week
on emphasizing the urgent necessity
of unregistered voters registering
next Monday. This will be the last
opportunity to qualify for voting
November 2 and those who do not
take advantage of it will lose their
ballot on the day of the general
election.

The republican organization es-
pecially is working night and day to
get the unregistered voters to the
registration places Monday. The
most unremitting work has been
done by the county women's organi-
zation, headed by Mrs. A. L. Stew-
art, in registering republican women
on blanks prepared for that purpose
so that they will not have to visit
the registration places Monday.

They have further been empha-
sizing the importance of every voter,
if their is any doubt in his or her
mind about being registered prop-
erly, interviewing the precinct com-
mittee to see if their name is on the
registration lists of the precinct. If
a voter's name is not on the official
registration lists, they will be chal-
lenged when they go to the polls
November 2.

The importance of this advice
may be understood when it is re-
membered that several women, and
even a few men, registered in the
wrong precinct, and that in one
case which is known, the names of a
man and his wife who registered in
their own precinct, do not appear
on the registration lists of that pre-
cinct. Persons who moved from one
precinct to another are also re-
quired to register in the precinct
in which they now live in order to
have the privilege of voting in the
election.

With only five weeks intervening
between now and the election, the
campaign is expected to reach the
white stage shortly. The republicans
will hold their first meeting since the
chautauqua Saturday afternoon at
the court house when Sen. George
H. Moses of New Hampshire and
Mrs. Theodore Whetmore of Min-
neapolis speak.

The announcement of the meeting

PREDICTS FROST TONIGHT

Weather Man Issues Warning to
That Effect Today

The first frost of the autumn is
predicted for tonight, in a warning
sent out this morning by Charles F.
Marvin, chief of the U. S. Depart-
ment of Agriculture for this dis-
trict. The weather indications for
tonight are fair and cooler with
frost. The temperature last night
fell to 50 degrees in Rush county,
and in other places in the state a
lower temperature was recorded. At
Ft. Wayne it was reported as being
46 and at Indianapolis the same.

Farmers as a whole will welcome
the news of a frost as corn ripened
very good during the hot days of
last week, and is now ready for a
frost. The frost tonight in all prob-
ability will be light, and may affect
only the low places.

COX MAY SPEAK HERE MIDDLE OF OCTOBER

Democratic Presidential Candidate
is Expected to Stop off Here For
Short Address

CONNSVILLE IS NOTIFIED

Governor James Cox, Democratic
presidential nominee, will most likely
stop off in Rushville sometime
during the middle of October, if
word from Connersville is to be
considered reliable information, as
the committee in that city has re-
ceived word that he will pass
through on the C. I. & W. railroad
enroute from Dayton to Indianapo-
lis, and will stop for an hour in
Connersville, and later in this city.

The local democratic central
committee had not received any
word to that effect, but the Fayette
county chairman has been notified
that the special train will remain in
Connersville for an hour in the af-
ternoon that he passes through that
city.

The Connersville News-Examiner
contains the following.

"The plans for the coming of Go-
vernor Cox to Connersville for a
speech, about the middle of Octo-
ber, are already taking shape in the
depths of the Democratic county
organization. The candidate's com-
ing is certain and the train will be
here an hour. A shorter time than
that was at first set aside for Con-
nersville, but on representations
from Claire Currie, the state man-
agers decided to have the Governor
to stop here for the full sixty min-
utes. It is thought that he will be
here in the afternoon and will make
a similar stop in Rushville before
continuing his trip to Indianapolis.

DECLARES PRICE OF GASOLINE WILL DROP

Former President of Oil Manufac-
turing Association Says Sur-
plus Will be Accumulated

NEW PLANTS BEING BUILT

(By United Press)

Denver, Colo., Sept. 29.—Prices
of gasoline will soon follow the
lead of other commodities in the
declining of prices, according to W.
H. Barker of Minneapolis. Barker
is president of the W. H. Barker
company, manufacturer of oil prod-
ucts, and was former president of
the Independent Oil Manufacturing
association, now in conference here.

"The price of gasoline is too
high," he declared. "Millions of
dollars are being spent to construct
plants to manufacture the by-pro-
ducts of petroleum. Eight huge
plants will be operated in Okla-
homa, Kansas and Texas shortly
after January 1. These plants will
cause a surplus and you can expect
prices to drop."

Paige Prices Drop

Detroit, Mich., Sept. 29.—The
Paige-Detroit Automobile company
announced a reduction in the prices
of all models of the Paige automo-
bile ranging from \$155 to \$250.

CALENDAR FOR OCTOBER POSTED

Includes Number of Civil Suits But
Only Few Criminal Cases Will
be Tried

GRAND JURY MEETS FRIDAY,

Gregg Alyea Case Will Probably be
Set For Latter Part of Term,
Judge Being Appointed

Judge Will M. Sparks has posted
the court calendar for the remain-
der of the September term, and
during the month of October many
of the civil cases will come up for
trial. The month of October is pret-
ty well filled with cases, except to-
ward the end of the month which is
left open to take care of cases that
might be filed.

On Saturday of this week, there
are three divorce cases set for
trial. Only two or three of the
cases listed for October are criminal
cases. The present term will end
on November 6, and the Novem-
ber term of court will open a
week later.

The grand jury will meet for their
final investigation of the Arlington
murder and a few other things on
Friday. In case a true bill is return-
ed against Fred Dunn, alleged wife
murderer, his trial will most likely
be set during the last week of Octo-
ber, as their is a lull in the calendar
during that time.

The conspiracy case of the state
against Gregg Ayea, will most likely
be tried during the latter part of
this term of court. When the attor-
neys failed to agree upon a special
judge the matter was left to Gov.
Goodrich, and he has appointed
George H. Ward of Winchester to
hear the case.

The court calendar for October is
as follows, but is subject to change
without notice:

Oct. 1—Bradley vs Bradley.
Oct. 2—Buckner vs Buckner; New-
som vs Newsom; Preston vs
Preston.
Oct. 4—Wood vs Prater.
Oct. 5—State vs Jones.
Oct. 6—Hilligoss vs Hilligoss.
Oct. 9—Pattison vs Pattison (two
cases).
Oct. 11—Carpenter vs Daubenspeck;
Smith vs Horrall.
Oct. 12—Herkless vs Mauzy; Boord
vs Harold.
Oct. 13—Dalmbert vs Adams; Cap-
itol Co. vs Murphy.
Oct. 14—Jeffreysmith vs Coulter;
Innis vs Coulter.
Oct. 16—Woods vs Woods.
Oct. 18—Aeme vs Coulter; Thomp-
son vs Coulter.
Oct. 19—Crull vs Conway.
Oct. 20—Groce vs Geise; Johnson
vs Groves est.
Oct. 21—Craig vs Wilson.
Oct. 30—Ball vs Ball.
Nov. 6—Sept. term adjourns.

MAY RECOVER

Hopes were held out today for
the recovery of Lon Willey of near
Gowdy, who underwent an operation
at the Sexton hospital Monday
evening for appendicitis.

FARLEY FUNERAL HELD.

Funeral services were held this
afternoon for Mrs. Ollie Farley who
died yesterday morning at 520 West
First Street. The services were con-
ducted by Capt. Marks of the Salva-
tion Army; and burial was made
in East Hill cemetery.

OPERATION IS SERIOUS

Harry Horsley of Connersville,
the son-in-law of Mr. and Mrs. Al
Viville of this city, underwent a
very serious operation in a Newcas-
tle hospital yesterday. Mr. Horsley
was injured during the war while
engaged as a motorcycle dispatch
bearer and never fully recovered.

RAVENSCRAFT FUNERAL

The funeral services for Ida Vi-
vian Ravenscraft, 2½ years old,
daughter of Mr. and Mrs. William
Ravenscraft, who died yesterday
morning, will be conducted tomor-
row afternoon at 1:30 o'clock in-
stead of 2:30, which was announced
yesterday. The Rev. J. T. Aiken
will have charge of the services.

DELAY IN WHEAT

SOWING IS URGED

Continued from Page One
free date for Rush county, but the unusually warm weather of September has made postponement for a few days necessary.

All volunteer wheat in Shelby county, as well as this county has been infested with the fly, but another test has been carried out at Shelbyville to watch the development of the fly and determine when it would be safe to sow.

Three test plots were sown by Mr. Painter and all have been covered with the fly each day for several days. If the hot dry weather of last week had continued, it would not have been safe for several days to put out the wheat crop, in the opinion of farm experts.

CAN'T EXPRESS
HER GRATITUDE

Says She Was in Bed For Many Weeks Before Taking Tanlac—Now Well And Strong

"I just can't find words to express my gratitude for what Tanlac has done for me," declared Mrs. Anna Pruitt, 340 South Hamilton ave., Indianapolis, Ind.,

"For seven years or more I had suffered from nervous indigestion and during the past year I was down in bed for weeks at a time. My appetite was very poor and my food caused me intense suffering. After every meal I would bloat up with gas and my heart palpitated so bad that I became frightened. I also suffered with severe headaches and awful dizzy spells and was almost a complete nervous wreck, for I could never get a good night's sleep, often I had weak, fainty spells and would break out all over in a cold sweat, sometimes even having a chill, when I just had to give up and lie down and I hadn't been able to do my housework in a year.

"I had taken only a few doses of Tanlac before I commenced to feel better. I continued to improve till today I am about as happy a woman as you can find in Indianapolis, for all my troubles are completely gone. I have a good appetite, never have a sign of indigestion, my nerves are in fine shape, and I can do my housework with the greatest ease."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McParty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

THE ELECTRIC STOVE

THE electric stove is a successful device which prevents the housewife from being overcome by the heat and baked to the dull, reddish brown aspect of the Arapahoe squaw. A woman can stand in front of an electric stove all day and run it with one hand, while heating up a sponge cake with the other, and still remain as cool and collected as a refrigerator car. In fact, the only person who is liable to become overheated when he looks at one of these stoves is a husband who has just figured the meter rate with a pencil stub and a sinking heart.

Man cannot realize what the introduction of the electric stove means to woman, because he has never posed in front of a soft-coal range for eight hours in succession, trying to prepare

It Does Not Cost Any More to Cook a Thick Beefsteak Than It Does to Buy the Steak in the First Place.

enough food to keep a family of eight children from eating the upholstery off of a hair sofa. The old-fashioned cook stove, with sloping legs and concave stomach, has caused thousands of women to regret having given up teaching country school and entering upon matrimony with one eye closed. Nobody has ever determined the number of heat units thrown off by one of these stoves on a peaceful summer day when the air is vibrant with the melody of birds and the thermometer is running around the track with its tongue out. We do know, however, that many a man has come home at noon, only to be greeted by a wife with straight hair and carmine complexion, like unto the over-ripe tomato, all due to a steel range which was not content with trying to cook what it carried inside.

The electric stove does not have to be fed kindling in the form of coals, but is operated by a simple button, which turns on the heat and the meter at one and the same time. This meter is very fast on its feet, and it is a painful sight for a frugal husband to watch it turn over and devour watts and kilowatts in a reckless and prodigal manner. It does not cost any more to cook a thick beefsteak on an electric stove than it does to buy the steak in the first place, and after the oven has become thoroughly heated it will remain in that condition so long as nobody wants to use the heat.

If some way could be devised to turn back the surplus heat generated by an electric stove into the meter, and get credit at the end of the month, more people would use it without a sense of dark, chilly foreboding.

has aroused much favorable comment because many who have followed the career of Senator Moses declare him to be one of the most talented and capable men in the United States senate. His standing in his own state is disclosed by the fact that he was recently nominated by his party for the senate.

Mrs. Whitmore has been campaigning under the auspices of the national committee and her speeches have met with the approval of republicans wherever she has gone.

On account of the speakers being assigned to Rushville Saturday afternoon and the possibility of the weather being chilly, the meeting was arranged for the court room of the court house. In case the room is not large enough to accommodate the crowd, it is explained that overflow meetings may be held in other rooms of the court house and the speakers will appear at each gathering.

The meeting will begin promptly at two o'clock so that the speakers may get away in time for a republican meeting at Knightstown Saturday night.

Castor Oil
Now Made
Tasteless

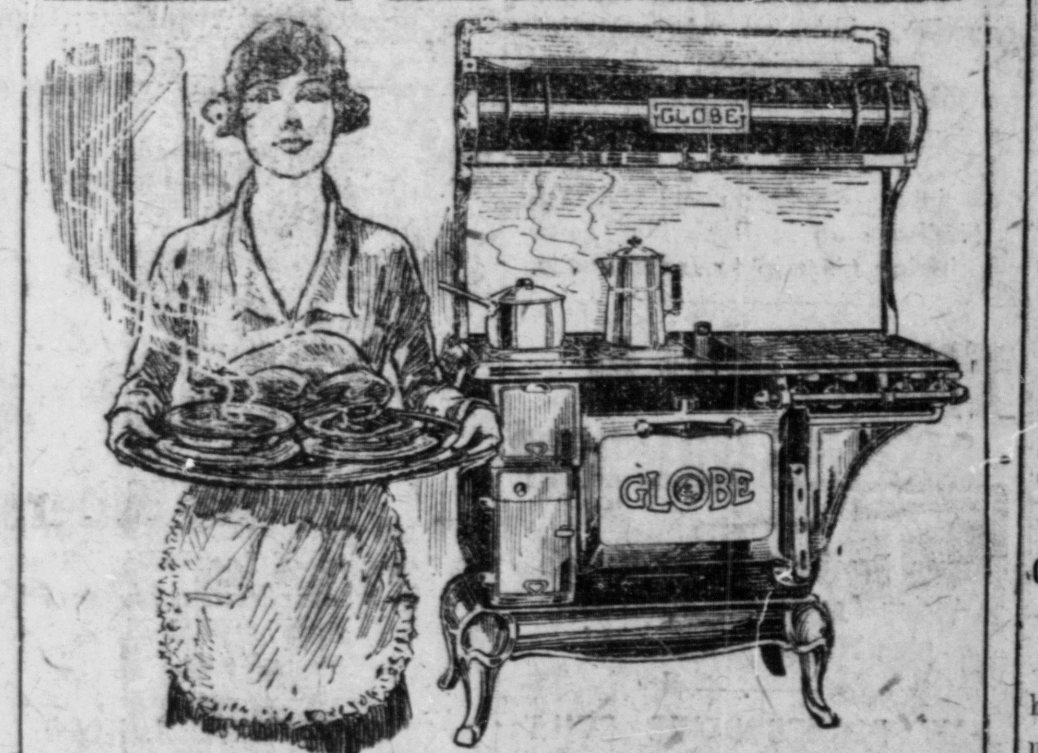

Kellogg's Tasteless Castor Oil 100% Pure Castor Oil

The chemists of Spencer Kellogg & Sons, Inc., one of the world's largest manufacturers of castor oil, have perfected a remarkable process by which all nauseating taste is removed from this good old family remedy. Nothing is removed except the nauseating taste. Strength and purity remain the same—a 100% pure castor oil. You don't have to shudder when you take Kellogg's Tasteless Castor Oil. Doctors have always recommended castor oil, but everyone has dreaded taking it. Mothers can now give children castor oil without their even knowing what they are taking. Grown-ups will also appreciate this new form of the good old remedy. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labelled Kellogg's Tasteless Castor Oil. Three sizes, 15c, 35c, and 65c. (Advt.)

Every Meal a Happy One!

No half-cooked meals, no disappointments—but always happy, expectant faces and big appetites at every meal.

GLOBE Gas-Kol
Combination Range

Here's why anyone can prepare delicious, appetizing meals on this range: The same oven is used for either coal or gas—with perfect results. Oven is square and has no obstructions. The bottom is a solid cast plate, insuring an even, perfect baking surface. No dampers, no draft slides, no complicated parts to get out of order. An automatic ventilating system promotes perfect combustion. And the oven thermometer takes the guesswork out of cooking.

Let us show you this range and explain every detail. Come in this week.

NUXATED
IRON

"Time and again I have prescribed organic iron—Nuxated Iron—and surprised patients at the rapidity with which their weakness and general debility was replaced by a renewed feeling of strength and vitality," says Dr. H. B. Vail, formerly Physician in the Baltimore Hospital and a Medical Examiner. "I took Nuxated Iron myself to build me up after a serious case of nervous exhaustion. The effects were apparent after a few days and within three weeks it had virtually revitalized my whole system and put me in superb physical condition."

THURSDAY AND FRIDAY

convention of druggists of the United States which is being held there this week.

—Thomas E. Glass of Lincoln, Nebraska visited T. B. Gary yesterday. Mr. Glass forty five years ago was a local teacher at Number One school in Posey township.

—Mrs. Sarah Ball and daughter Eva returned home yesterday evening from Siloam Springs, Arkansas, where they spent three weeks visiting the former's son, Blaine H. Ball and family.

—Mr. and Mrs. Charles Hugo have returned home from Cincinnati where they visited Mrs. Minnie Moffit and sons John and Paul, who have just returned from an extended stay in Panama.

WINKLER FUNERAL FRIDAY

The funeral services for Chester Winkler who died yesterday, will be held Friday afternoon at two o'clock at the home of J. W. Coe on the James Oneal farm, three miles south of this city. Burial will take place at the East Hill Cemetery. It was found that he had suffered an attack of heart trouble, which caused his death.

NEW PHONE INSTALLED

A telephone has been installed at the home of Charles Osman in West First Street. The number is 2367.

GOITRE

of 18 Years Completely Cured for Kansas, Ills. Lady by External Remedy.

Note: It would be illegal to publish these statements if they were not true.

Mrs. Y. R. West, Kansas, Ill. says, "I have used two bottles of Sorbol Quadruple, and my goitre of 18 years is completely cured. My neck is down to normal size. Before using, it would choke me to wear anything around my neck and when I would sit down to eat. Sometimes it was terrible. Last summer I could not do anything. I was so nervous I could not stand for any one to walk around in the house. It hasn't bothered me now for a month. I am now in good health and feel fine. Will tell anyone my experience."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in healthful, normal condition. Requires ten minutes daily.

Get further information at Johnson's Drug Store, drug stores everywhere, or write Sorbol Company, Mechanicsburg, Ohio.

On Awakening This Morning

Weren't you reminded of nice, warm underwear, hosiery, night gowns, etc., by old man "Krimpy?"

Yes, Fall has come to stay a while and has started its regular routine of chilly evenings and crisp mornings, which makes us want warm clothes.

We have a complete, new line of underwear, hosiery, etc., which is moderately priced and carries our full guarantee on every garment.

We are headquarters for Ladies' Furnishings with such lines as

Eiffel Hosiery
Setsnug Underwear
Acorn Gowns

Buster Brown Hosiery
Vellastic Underwear
Burson Hosiery

We invite you to come in and let us show you underwear and hosiery which cannot be equaled in quality and price.

We never have to revise prices as our prices are always on the bottom, as a visit will convince you.

Amusements

A Big Jewelry Robbery

Mrs. Samuel Van Zile Janney was mysteriously robbed last night of jewels valued at \$50,000. The job was done by someone who knew the combination of the safe, and might have been performed after midnight or earlier in the evening while the Janneys were the dinner guests of Mr. Richard Ferguson and his mother.

The detectives have failed to unearth a single clue. Miss Esther Maitland, Mrs. Janney's private secretary, is the only member of the household who knew the combination, and in her Mrs. Janney says she has absolute confidence.

The trust, however, was considerably shaken when a mysterious telephone conversation was overheard between Miss Maitland and Chapman Price, the husband of Mrs. Janney's daughter. Mr. Price left home yesterday afternoon after a bitter quarrel with his wife.

Further developments in this interesting robbery case will be unfolded on the screen at the Princess Theatre today when Blanche Sweet will be seen for the first time in "The Girl in the Web," her newest Jesse D. Hampton-Pathe feature.

HIS LEAD IS GROWING

Senator Harding's lead in the Rexall straw vote is increasing, according to the votes cast at the local drug store Tuesday. The totals for Rushville is now at 519 for Harding and 235 for Cox. Yesterday Harding received 49 and Cox 17. Thirty-two men and 17 women voted for the republican nominee and 17 men and 10 women for the democratic candidate.

8 POUND BOY BORN

A eight pound boy was born last night to the wife of James Wilson, living east of this city.

TO EVERY READER

There is no pure herb family medicine in the world today that can equal the power and give such grand results in regulating the bowels, stimulating the liver, flushing and cleansing the kidneys, sweetening the stomach or purifying and enriching the blood—than

BULGARIAN BLOOD TEA

Those who suffer with stomach, liver, kidney, rheumatism or blood troubles will find Bulgarian Blood Tea the best medicine to relieve and correct these ailments. It is wonderful how quick you will begin to pick up and be your old-time self again.

During the 1918-19-20 influenza epidemic Bulgarian Blood Tea was used by countless thousands of sufferers with marvelous success and millions of people took it steaming hot to prevent and ward off the disease.

As a general first aid family medicine it has no equal and every person should have a box constantly on hand for any emergency—to kill colds, allay fevers and guard against influenza, pneumonia or other serious sickness. And all mothers and fathers of families should apply at once to their druggist or grocer for a trial box of Bulgarian Blood Tea.

WILL NOT SPEAK SATURDAY

Senator Watson Not to be in Morristown Due to Conflict

The republican meeting scheduled for Morristown next Saturday afternoon has been called off, it was reported here today. Senator James E. Watson was scheduled to speak there at two o'clock in the afternoon, but it was stated that due to a conflict in making his speaking dates at republican state headquarters, he would be unable to speak at Morristown. He will probably be there later in the campaign.

Miss Elvora Barger of Indianapolis was to appear with Senator Watson and arrangements had been made to use the tent belonging to Glen Miller of this city.

THOMAS FUNERAL HELD.

New York, Sept. 29.—Funeral services for Olive Thomas, motion picture star who died in Paris from the effects of taking poison drew thousands of persons to St. Thomas church yesterday afternoon. The police lines were broken frequently by the crowd, which consisted mostly of women.

SERVICES AT RESIDENCE

The funeral services for Joseph Clawson, who died yesterday morning at the home of Mr. and Mrs. Bert Trabue, will be conducted tomorrow afternoon at 2:30 o'clock at the latter's resident in North Harrison street. Burial will be made in East Hill Cemetery.

Back Hurt?

When the kidneys do not properly do their work or purify the blood stream, waste products and poisonous acids remain in the system and cause backache, rheumatic pains, lumbago, sore muscles, swollen joints, stiffness, lame back and similar symptoms.

Foley Kidney Pills

regulate and restore the healthy, normal action of kidneys and bladder, bringing clean blood and better health, with freedom from aches and pains.

"Last fall I was attacked with lumbago and suffered untold agony. I had a severe pain across my back and at times could not dress or undress myself. I was advised to take Foley Kidney Pills for my trouble. After taking them for a few days the pain in my back left me and I have not had any lumbago since that time, although that was months ago. I recommend Foley Kidney Pills to all who have lumbago."

Transportation Improves

The group of irresponsibles among nine workers who thought they would defy the United States government, and go on "vacations", as a means of defeating the Government wage award, have found out the error of their way, and have returned to work.

The uneasiness concerning coal for the coming winter has been general. Several weeks ago the Interstate Commerce Commission issued an order giving preference for the shipment of 1,250,000 tons of coal monthly to New England through tidewater ports from Hampton Roads to New York. The situation has improved sufficiently so that the present continuance of this emergency order is regarded as unnecessary. According to the Railway Age the latest statistics regarding the amount of freight being moved by the railroads demonstrate that there has been as yet no decline of general business activity in the United States. This is evidenced by the fact that the demand for cars is greater than the railroads can supply. However, it has also been made plain by the statistics that the efficiency with which the railways are being operated is still increasing. For instance 273,755 more carloads of freight were handled in four weeks of August, 1920, than for the same period last year.

Railway management—under private ownership of the roads, has succeeded in speeding up the handling of transportation far beyond anything shown in the days of the Railroad Administration, when "emergency orders" were an every day occurrence. When the railroad executives set a mark for an average of thirty miles per day per car several weeks ago supercilious politicians around Washington who had-

n't been able to get anywhere near that goal under public operation, said, "it can't be done." But the railroad managers and operators have gone ahead and made good on their promises, very much to the delight of the shippers of the country.

Up and Out

Insistent demands for an increase in wages continue to be made from time to time, but we fear the people who make them do not stop to count the ultimate cost of their demands.

Wages and salaries in this country are high now—very high. This fact, coupled with the excessive cost of raw materials, makes the production of a finished article a very expensive proposition.

Regardless of this expense, we have a large foreign trade, because other countries just now must have our goods.

But some day—not far hence—Europe will be recovering from her war paralysis, her internal affairs will become adjusted, and she will be producing these same articles herself. The cost of labor there will be much less than here, and raw materials will probably cost no more.

When that time comes Europe will produce these articles at a cost far below ours, and the rest of the world will buy where they can get the goods at the lowest prices.

Then what will become of our extensive foreign trade?

Before trying to boost labor and other costs still higher it might be well to think of the after effects.

It is quite possible to go up in price and out of a job.

As an angel, the Democrats—insist that Baruch is apocryphal. Indianapolis News. It would be a safe assumption that if Senator Harding were to use such a word as that, the Indianapolis News would devote a column on the editorial page to ridiculing it.

A reader insists that it is possible even in these sordid days to get something for nothing. But at that, we fear the something would amount to nothing after we got it.

It must be a bitter pill for Bill Blodgett to follow Tom Taggart around the state and write optimistic stories about the way he is being received.

"Men may vote for this office." And to think that some day we may come to that!

It don't pay to go through life with a scowl on your face. You get too many in return.

What we need in this country is something that will induce us to make the best of what we have.

WOMEN WIN RIGHTS
IN FAR AWAY JAPAN

Law Amended So That Women Shall Assemble in Gatherings to Listen to Political Addresses.

SUFFRAGE STILL IS FAR OFF

(By United Press)

Tokyo, (By Mail)—While the cause of female suffrage has made victorious advance in the United States, the retiring ladies of Japan are having their innings, although in a very modest way. Woman suffrage is still a very long way off in the lands of the Orient, but there have in recent years been several indications that they will gradually follow the footsteps of their sisters in the Occident. Thus women have taken a prominent part in several kinds of organizations, and recent meetings of the labor unions which exist here, have seen women not only among the members, but also taking a prominent position on the platform.

Now the authorities have been impressed with trend of the times to the extent that they have decided to give them a little more latitude than they have heretofore enjoyed. Thus the law relating to politics says: "Women, minors, persons deprived of their civil rights and persons adjudged incompetent shall not join political associations. Women and minors shall not assemble in gatherings to listen to political addresses nor participate in such gatherings."

The law has now been amended so they may attend the meetings, but the rule excluding them from joining political associations still holds good.

Sap and Salt

By BERT MOSES.

All ideas are dangerous to somebody.

Plumpness in woman is becoming, even if it isn't stylish.

The only one who can cure a bad habit is the guy who has it.

How foolish you feel when you lift your foot for a step that isn't there!

Hez Heck says: "Blessed is that woman who is satisfied with what she can afford."

Why does a woman court popularity among many men when one is usually all she can stand after she gets him?

THE WILSON-COX ACCORD

By Nick West
He used to be
Too proud to fight.
Nobody dare
Deny it.
And when it came
To making peace
He proved too proud
To try it.

Instead of Peace
He sought a League—
A statesmanlike
Abortion;
And now we've neither
Peace nor League;
A Piece of League
Our portion.

HUDSON CARS DOWN

Detroit, Mich., Sept. 29—The Hudson motor car Company, manufacturing the Hudson and Essex automobiles, Tuesday announced a reduction in their models, ranging from \$200 to \$250. The new prices will become effective immediately. Touring car models were reduced to the lowest figure, it was stated.

FRONT PORCH GOSSIP

By RAYMOND CLAPPER

(U. P. Staff Correspondent)

Marion, Ohio, Sept. 29—Everybody knows Senator Harding lives in Marion. That's how a train conductor happened to direct a young woman who was on her way to work for Senator Harding to Marion, Indiana. She arrived and called up the Harding headquarters there but found they hadn't offered her a job. She arrived at the right Marion six hours late.

Mrs. Harding wears inexpensive gloves around Marion, but she wanted to do the Minnesota trip up right so she took along a pair of brand new white kid gloves to use at the public reception in the St. Paul state house. After two hours handshaking she pulled off the right glove—ripped and looking as if she had been making mud-pies with it. But her hand stood the ordeal much better than the glove. A slightly stiff wrist was the only after effect.

Frank Blacksten, who has been Harding's chauffeur twelve years, is one of Mrs. Harding's strongest boosters. He has a college education and owns a properous little farm near Marion. But he sticks to the wheel because he likes the Hardings. He and Mrs. Harding always outvote the senator regarding routes and all issues raised during motor trips. Frank doesn't like to lose any time while motoring and the speedometer often gets over forty miles. But the only time Harding was ever arrested for speeding he was going only eighteen miles an hour when the limit was fifteen. He got off for five dollars and costs. That was at Delaware, Ohio, twenty-five miles from here. Harding never takes the Delaware road now if he can get through any other way.

Harding is a natural two-armed speaker. It bores him to have to hold a manuscript in one hand and read his speeches. But the climax came at the Minnesota fair speech when he had to hold his manuscript in one hand and a mouthpiece connected with the amplifying device in the other hand. He would forget himself and begin to wave it around in a gesture. The chairman had to remind him several times during the speech to hold the instrument to his mouth.

A PLOT IS FRUSTRATED

Attempt to Blow up London Irish Office And Treasury Building

London, Sept. 29—Scotland yards has frustrated a plot to blow up the Irish office and treasury building, it was declared by Scotland yard officials today.

Sinn Feiners and Bolsheviks planned the explosion. The plotters planned to have a taxicab loaded

with high explosives stop before the buildings. Armed men were to rush into this district after the explosion and inflict as much damage as possible.

The officials said a number of secret arrests had been made. A number of others were implicated. Other plots were reported, especially if Lord Mayor M'Swiny dies.

Tobacco Seeds Small.

Tobacco seeds are so minute that a thimbleful will furnish enough plants for an acre of ground.

Eruptions of the Skin

Cause Torturous Itching

If you are afflicted with any form of skin disorder, you are well acquainted with the flaming, burning itching that these diseases produce.

Skin diseases are caused by an impurity or disorder in the blood, and there is no real and genuine relief within your reach until such impurities are removed.

S.S.S. has given great satisfaction in the treatment of these dis-

orders, because it is such a thoroughly satisfactory blood purifier. It cleanses the blood of all impurities, and thus counteracts the effects of the germs that attack the skin.

Begin taking S.S.S. today, and if you will write a complete history of your case, our medical adviser will give you expert advice without charge. Address Chief Medical Adviser, 158 Swift Laboratory, Atlanta, Ga.

SOCIETY

The Marian Social Circle will meet tomorrow afternoon at the home of Mrs. Ed Bishop in North Sexton street. The assisting hostess will be Mrs. William Fitzgerald.

The Sons of the American Revolution and the Daughters of the American Revolution will give a combined banquet Friday evening, October 1, at the Windsor hotel. The banquet will be the opening of the fall meetings.

Mr. and Mrs. Alden Johnson of near Rushville had for their dinner guests Sunday Mr. and Mrs. James Johnson and son Virgil and daughter Vera of near Orange. In the evening Mr. and Mrs. Paul Davison were also guests.

Mr. and Mrs. Claude Krammes and family of near New Salem had as their dinner guests Sunday, Mr. and Mrs. George Krammes and Mr.

and Mrs. J. R. Dearing, all of west of the city, Mr. and Mrs. Albert Krammes and Will Stamm, all of near Orange. In the afternoon the guests motored to Beuna Vista where they visited relatives.

Mr. and Mrs. John Dewester entertained with a dinner party Sunday at their home four miles east of the city. The guests were Miss Kinsley, Mr. and Mrs. Thems of Shelbyville, Frank Adams of Danville, Mr. and Mrs. G. Robinson of Martinsville, Mr. and Mrs. Suber and children of Aeton, Mr. and Mrs. Charles Inlow and children, Mrs. G. W. Ross of Homer, Mr. and Mrs. Boyer of Seymour and Mr. Soltz of Indianapolis.

Mrs. Charles Osman was hostess for the Wednesday Afternoon Sewing club this afternoon at her home in West First street. The guests enjoyed the social afternoon over

various kinds of needlework. Refreshments were served at the close of the meeting.

Members of the Century club were entertained last night at the home of Mr. and Mrs. Charles Winship south of the city.

Mr. and Mrs. William H. Meyer entertained Mr. and Mrs. J. W. Peters and Mr. and Mrs. Charles G. Meyer with a six o'clock supper Tuesday evening at their home in Union township.

The Ben Davis Creek Mission day, Oct. 3, at 11 a. m. with Miss Wilma Hunt leader. All members are urged to be present and visitors will be welcome. The Little Light Bearers will meet at the same hour, in charge of Miss Alice Peters.

The Willing Workers Sunday school class of the St. Paul's M. E. Sunday school will meet tomorrow afternoon at 2:20 o'clock at the home of Mrs. Charles Baker, 532 North Morgan street. All members are urged to be present as officers will be elected at this time.

Announcement was made today of the marriage of Miss Nelle Amos, daughter of Thomas Amos of this city, and William Frank of Connersville, which occurred July 31, at Newport, Ky. The announcement was quite a surprise to the bride's many friends in this city. The bride has been employed as book keeper at the First National bank of this city for the past few years. The bridegroom is employed as a mechanic in Connersville, and is a popular young man of that city.

The Meyer reunion was held Sunday at the home of Mr. and Mrs. George H. Meyer of Union township. A bountiful dinner was served at the noon hour to the following guests: Mrs. Guss Lowe of Cincinnati, Ohio; Mr. and Mrs. John Shaw and daughters Hazel, Goldie and Alice, of Milroy; Mr. and Mrs. Lewis Meyer and daughter Irene of Shelbyville; Mr. and Mrs. William Meyer and son Raymond of Sunman; Mr. and Mrs. George Meyer and daughter Mildred, Mr. and Mrs. Irie Gazell and Mr. and Mrs. George Pulscamp, all of Brookville; Mr. and Mrs. Edwin Meyer and sons Robert and William, Mr. and Mrs. William H. Meyer and children, Walter and Martha May, and Mr. and Mrs. Charles G. Meyer.

WHEN children run in for something to eat between meals it is indeed gratifying to see with what gusto they partake of National Bread. And, with the every-day serving of this delicious, nourishing food it is gladdening to see how the children thrive on its made-with-milk goodness, fully developed by perfect baking. Baked in pound-and-a-half loaves. Get one today.

Throngs of Saturday Night Shoppers and Residents In All Sections of Rushville Hear SONORA "CLEAR AS A BELL"

Necks were craned, and questions were asked—Where is the music? What Band is it? When the "March of The Marines" was played a man on East Tenth street was heard to say: It's the Indianapolis News Boys Band; they had a stop-over here on their way to Cincinnati.

"Confidentially" it was a SONORA Phonograph located on the third floor over JOHNSON'S DRUG STORE. The Sonora Model used in this demonstration was a Trovatore selling at \$125.00. You are cordially invited to call at our show rooms to see and to hear this Highest Class Talking Machine In The World. We have other models ranging in price from \$75.00 to \$375.00. "CONVENIENT TERMS IF DESIRED."

Hear the Sonora Baby Grand at the Princess Theatre this week while the Pathe Weekly of The Rush County Picnic is being shown.

This picture should be of interest to every man, woman and child in Rush County. It stands for something worth while—A mutual friendship between country and city.

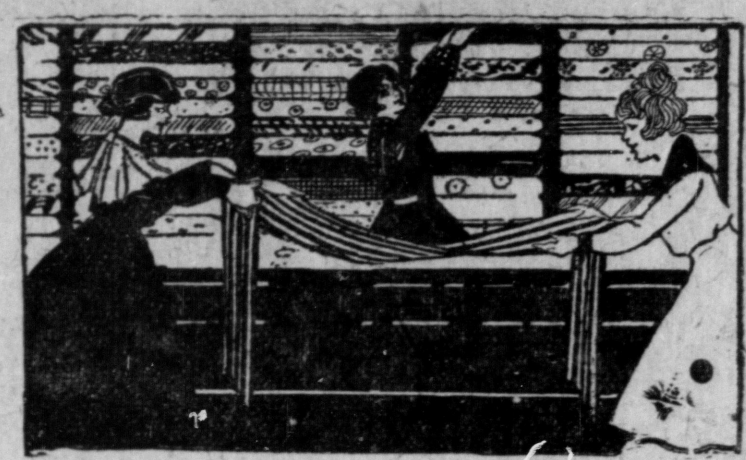

"Let's keep this friendship alive." It's the making of a Better Rush County.

Prompt and Efficient Service

Our cleaning days are Monday, Wednesday and Friday afternoons. Work in our shop on those days will be delivered, all cleaned and pressed on the following day. The quickest and most efficient shop in Rushville. No work is sent to outside cities for cleaning, but is cared for in our own establishment, and we invite inspection.

REMEMBER OUR CLEANING DAYS AND LET US PROVE TO YOU WHAT WE MEAN BY PROMPT AND EFFICIENT SERVICE

XXth Century Cleaners

WHAT THE SPHINX SAYS

By NEWTON NEWKIRK.

"How human it is to remember those who owe us and to forget those we owe."

"Tweedledum and Tweedledee." We understand that the expression "tweedledum and tweedledee" is used to designate two things between which there is the smallest possible difference, and is applicable to disputes over trifles. It is also applied to nonsensical discussions such as the old logicians indulged in, e. g., when a farmer takes a pig to market, is the pig going with the farmer or the farmer going with the pig?—The Wire Message.

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

STEAM BATHS

IF EVERY woman who thinks that her regular bath is keeping her skin clean, could see the amount of dead cuticle and dirt and oily matter that the masseuse in a Turkish bath place gets out of the skin of a "clean" person—she would certainly become a regular patron of these bath places. Turkish baths are beyond the reach of most folks, unfortunately, since only the larger towns possess them. And, the home steam cabinet is the only substitute. Yet even this home method will open the skin as an ordinary bath never could, and free the pores of all the clogging waste matter in them; leaving the skin free once more to breathe, carrying off much waste matter, giving one the

the skin becomes clogged, the system sluggish, the brain and liver torpid—the whole being desires only more of the useless laziness. But the Turkish woman attends the bath every week where she is steamed, scrubbed, massaged, lathered, and rinsed with hot and cold water, till her skin is free from every impurity and her whole system is rejuvenated and refreshed. If you cannot take regular Turkish baths, get a cabinet and take steam baths at home.

Tincture of benzoin—not a patented article at all—is a good astringent. Wash the face with hot water and liquid green soap, rinse with hot, then cold water and put a few drops of the tincture in this last rinse. It simply closes the pores. (Copyright.)

He Went 50-50 With His Wife

Surprised to see how quick the new medicine Drecto, went after the troubles. Indigestion and gas the stomach relieved, sluggishness aroused, weak kidney strengthened.

"I was certainly surprised to see how quick my wife and I were relieved of our troubles, by taking the new medicine Drecto", declares Harry Dunham of 1521 North 12 street, Vincennes, Ind.

"Both of us were feeling worn out, tired, no energy and had a poor appetite. My stomach would fill up with gas after each meal, making me very uncomfortable, also had griping pains in my bowels, my liver was lazy which gave me dizzy spells and spots would float before my eyes. I often had pains in my back over my kidneys and had to get up several times during the night."

"My wife was quite nervous and suffered daily from constipation, biliousness, headaches and shortness of breath. The muscle in her back was sore and stiff."

"Since we have been taking Drecto both of us are feeling greatly improved, all our trouble are much better and by the time we finish a full treatment I'm sure we will sound and well. We think Drecto the best medicine ever brought to this city."

All druggists now sell Drecto and it is being especially introduced in Rushville, Ind. by F. B. Johnson & Co.

Nothing Better for Beauty Than a Steam Bath Every Week or So.

glow and color only perfect cleanliness can lend, and making one feel young and fresh as never before.

In some ways the bath has been the salvation of Turkey and Greece. Their women lead sedentary lives, spending their time dressing, eating, and sleeping. This condition is changing as the countries are waking up to modern culture, but the general fact is still true. Lives spent like this mean that great layers of flesh accumulate, that

Housework and Shoes

There aren't enough servants to go round. Women who are used to doing a little housework find themselves doing more. They are using every means to save themselves. Wise women are not trying to do housework in dress shoes. They are wearing Princess Pats. You have seen these trim, well-shaped shoes on nurses. They have worn them for years. Just the thing for morning wear with those neat, washable house dresses. Let your feet feel the spic and span effect of Princess Pat Walk-Overs.

Walk-Over
McINTYRE SHOE STORE
Fred Hammer, Manager

Here are the Durable Plushes

The first thing to be considered about Pile Fabric garments is the way they are manufactured.

If they are generously cut, damaged portions eliminated, and well steamed before as well as after cutting, then do they begin to be good garments.

Next the stitching, the proper turning of the edges, and the felling of the lining.

But these are details that we ought not to have to speak of. At this store you can take it for granted that plush coats are so made. The Style, of course, must be right, but the quality of the plush and the perfection of workmanship are points of merited consideration.

Chris Robinson of Indianapolis came Saturday and was the guest of friends.

Mr. and Mrs. Edgar Winchell of Connersville, accompanied by Mr. and Mrs. W. H. Myer, P. H. Loper and Miss Minnie Loper, spent a few hours in this vicinity Sunday.

CHEAPER COAL EXPECTED

New State Commission Hears Different Sides of Situation

Indianapolis, Ind., Sept. 29—Lower coal prices for Indiana are promised by the state's new coal commission. After a hearing of the jobbers and retailers which will be conducted the latter part of this week, a state wide scale of these prices will be announced, probably Monday.

It was revealed today that operators believed they should be granted a margin of \$3 a ton.

"If we should give the operators this margin they want, prices of coal would be higher than now," Jesse Eschbach, chairman of the commission stated.

WILL SPEAK IN BIG CITIES

Former Sen. Beveridge Will Stump For Republican Party

Indianapolis, Ind., Sept., 29—Former Senator Albert J. Beveridge, has announced that he will make a number of speeches in behalf of the Republican national ticket. All of the speeches will be made in principal cities. He will open his tour with a speech at Chicago, October 2. He will be at Lincoln, Neb., October 4; Denver, Oct. 6; Salt Lake, Oct. 8; San Francisco, Oct. 10; Los Angeles, Oct. 12; San Diego, Oct. 14; Kansas, City, Oct. 18; St. Louis, Oct. 20; and Louisville, Oct. 25. He also will speak in Indiana, making several speeches here late in October.

RUSHVILLE, IND

DANGER SEEN IN CUBA'S ELECTION

To Determine Whether Cuban Electoral Laws Are to Prevent Abuses in Selection of a Chief

SITUATION IS COMPLICATED

Two Main Candidates in The Contest are Gen. Jose Gomez of Liberal Party And Alfredo Zayas

By A. L. BRADFORD
(U. P. Staff Correspondent)
Washington, Sept. 29—The State Department here is awaiting the Presidential elections next November in Cuba with an interest problem elections in the United States the ably second only to the Presidential same month.

While the choosing of an American President will decide the future foreign policy of the United States, the elections in Cuba will determine whether the Cuban electoral laws as drafted by the United States Government are to prevent abuses and bloodshed in the selection of a Chief Executive of Cuba.

Although requested to do so by the Liberty Party, the American Government has decided not actually to supervise the elections in Cuba. It is stated officially, however, that the fact that "the United States may again be called upon by the Cuban people for a decision regarding the fairness of the election, makes it incumbent upon the Government of the United States to use all available means to observe the conduct of the electoral procedure in Cuba".

As is usual in Latin-American politics, intriguing interest of romance and adventure attaches to the impending selection of a President of Cuba.

The two main candidates in the Cuban elections are General Jose Miguel Gomez, of the Liberty Party, and Alfredo Zayas, candidate of the Coalition League; while General Rafael Montalvo is trying to establish his candidacy as the selection of the Conservative Party.

The Conservative Party in Cuba, on August 27, formed a coalition with followers of Zayas, who was the candidate of the Liberal Party for the Presidency in 1916. By accepting Zayas, the Conservative Party threw over General Montalvo

who already had been proclaimed as the Conservative candidate for President. General Montalvo now claims that he was ousted from the candidacy through fraud and intrigue and that he still considers himself the Conservative candidate. He has taken his case before the Central Elections Board and says that if necessary he will bring it before the Supreme Court of Cuba.

This complicated political situation is made more bizarre by the following "lineup". President Menocal is supporting the candidacy of Zayas; in the election of 1916, Zayas as the Liberal candidate opposed the present Cuban Executive; the present Liberal candidate, General Gomez, led the armed revolution against President Menocal after the 1916 election in support of the candidacy of Zayas; General Gomez is now opposing Zayas; at present the candidate of the Coalition League.

The United States Government is earnestly solicitous that there be no repetition of the revolution following the election of 1916.

The Cuban election laws drafted by Major General Enoch H. Crowder, Judge Advocate General of the United States Army, and who mobilized America's great draft army in the World War, were brought into use in the elections of 1912 and 1916. In March of last year, at the invitation of the Cuban Government, General Crowder again went to Cuba to make a final draft of the electoral law, with a view of preventing a recurrence of certain abuses which had been practiced in the previous elections. This work was completed and the completed electoral laws enacted by the Cuban Congress in August, 1919. The November elections constitute the first real test of the American-written electoral law for Cuba.

FOR BURNING ECZEMA

Apply Zemo, the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

The E. W. Ross Co., Cleveland, O.

A New Burglar Alarm System

Has been installed and we invite you to call and examine it.

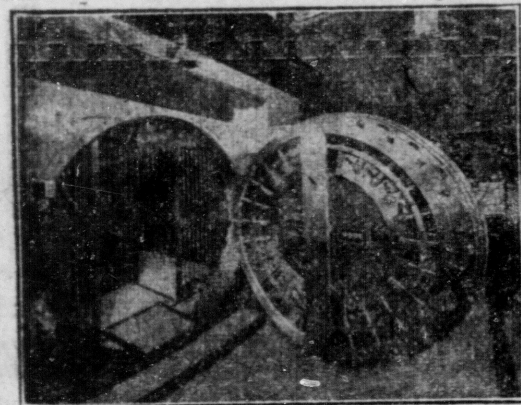

This is one more of the several safety systems that have been adopted by our institutions for the safeguard of our customers' valuable possessions, such as bonds, wills, mortgages, deeds, jewelry and other articles of value.

Each of our Safety Deposit Boxes are insured up to \$10,000.00.

If you have valuable papers or jewelry, we would invite your inspection of our new Safety Deposit Boxes located in our burglar and fire proof vault.

You can rent a box from \$2.00 to \$10.00 per year, according to size.

BELIEVE A CURE FOR LEPROSY DISCOVERED

Success is Noted in Treatment of Colony and 36 Patients Are Released on Parole

NEW FORMULA IS PREPARED

(By United Press)

Honolulu, T. H., (By Mail).—Apparent success in the treatment of chronic leprosy with chaulmoogra oil has led to an announcement that the work will be extended to the Kalaupapa, T. H. leper settlement.

Thirty-six patients, recently treated at the receiving station here have been paroled, the doctors believing them cured of the heretofore supposedly incurable disease. Under the terms of their parole they will be kept under close observation for one year.

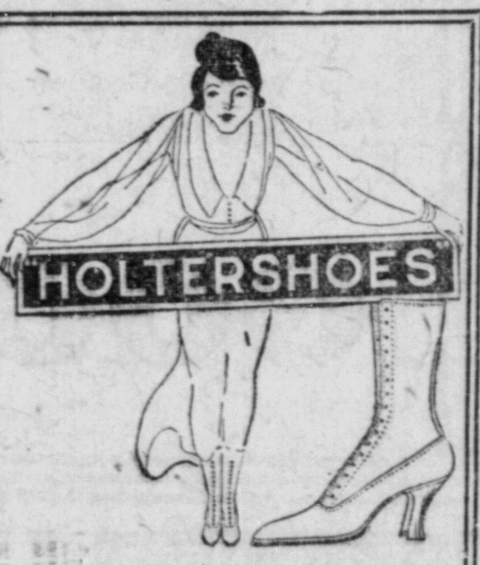

At the Kalaupapa settlement 50 patients will be selected to receive the treatment first and eventually it will be extended until the remaining 550 lepers in the colony have been treated.

Dr. A. L. Dean of the University of Hawaii assisted by Drs. J. T. McDonald and H. T. Holhaan prepared the formula for the chaulmoogra treatment.

BOILER MAKERS ARE ROUNDING INTO FORM

Purdue's Grid Squad Takes Shape After Week's Training Under Coach Scanlon

OVER 100 CANDIDATES OUT

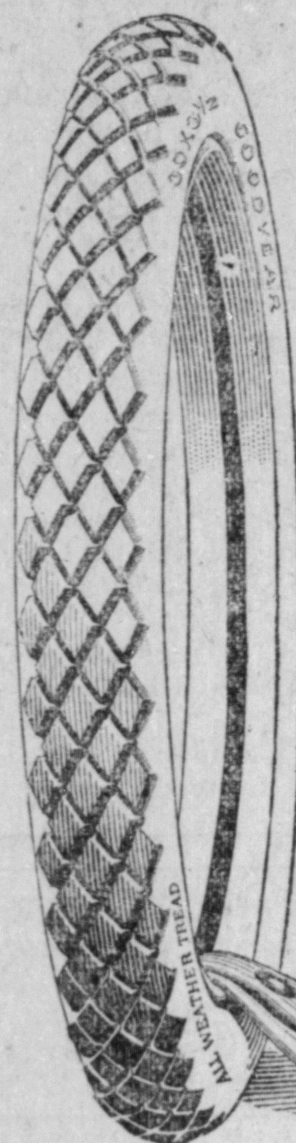

Lafayette, Ind., Sept. 29—After more than a week of hard drilling under Coach Arthur G. Scanlon, Purdue University's squad of 100 odd football candidates are fast rounding into shape and are far ahead of where they were last year at this time.

Coach Scanlon started scrimmage almost immediately after he took charge of the men and has stated that he is well satisfied with the showing that the men have made. Three of "Butch's" hopefuls have been the victims of accidents which may keep them out of practice for sometime. The men, Kerr, a promising end; Foresman, the man who was to take Huffine's place at the fullback and Murphy star quarterback of the 1918 S. A. T. C. Kerr incurred three broken ribs in scrimmage. The other two are less seriously injured.

Picking an invincible team from his large force of "rookies" has confronted Scanlon with the most difficult problem of the time. Watson, who is Scanlon's speed merchant is bidding strong for backfield position as are the Field Brothers, and Calhoun, all three members of last year's freshmen varsity. Carmen, Boehler, Treat and Jackson all of last year's freshman team are likely candidates for the win positions. Scanlon has a wealth of material from which to pick a strong line which will be built around Birk, the sensational tackle of last year's nine.

Although Coach Edward J. O'Connor of the Boilermaker track team has only two men from his last year's squad, he is holding out hopes for a fairly fast aggregation. Furnas, Purdue's representative at the Olympic games, at Little are the only long distance regulars back. About 25 men are working out under the direction of Coach O'Connor.

The Reduced Cost of Tire Mileage for Your Small Car

Do you realize that Goodyear Tires are priced no higher today than in 1910 and that their mileage actually costs less than it did a decade ago?

During this period Goodyear has been able steadily to increase the amount of mileage built into its tires and, consequently, the cost of Goodyear mileage has actually declined.

In no part of the Goodyear line has this decline been more marked than in the present 30 x 3-, 30 x 3 1/2- and 31 x 4-inch sizes of Goodyear Tires, made especially for small cars.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for them—get the unusual value contained in their construction and delivered in their mileage.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size \$4.50 in waterproof bag.

TOY COW COSTS ABOUT AS MUCH AS MILK COW

400 Marks Wholesale Price For Latest Creation of Famous Nuremberg Toy Industry

TIN SOLDIER IS PASSING

(By United Press)

Berlin (By Mail)—A toy cow today costs, about as much as a respectable milk cow, including its calf, cost before the war. Four hundred marks is the wholesale price for the latest creation of the famous Nuremberg toy industry shown at the Leipzig fair. This is a cow, made of brown leather, which can moo as loud as its big sister. That's all it can produce.

Owing to the high cost of material, the toy manufacturers were forced to turn from the manufacture of metal mechanical toys—a trade which always has been greatly developed in Germany—to the manufacture of all kinds of animals of leather, velvets and other less costly materials.

The German tin soldier belongs to the past. There is no display of the infantry, artillery, ambulances, dead and wounded enemies and victorious German heroes with which the German children were overfed during the war. Some careful exhibitors, however, brought a few samples with them—for foreign consumers of this special German branch.

Prussian militarism will not threaten the world any more—as far as the toy industry is concerned.

Rushville, Indiana, Wednesday Evening, Sept. 29, 1920

TEN PAGES TODAY

LOCAL RATES ARE DEFINITELY FIXED

Announcement of State Tax Levy
of 22 Cents Makes It Possible
To Compute Them

AN INCREASE OF FOUR CENTS

Total Rate of Every Unit in Rush
County is Raised Except Rush-
ville Township

An increase in the state tax levy of four cents on each \$100 of taxable, which has just been fixed by the state board of tax commissioners, raises the rates for the taxing units of Rush county above the amount previously estimated.

The total rates for Rush county were estimated on the assumption that the state levy would remain at eighteen cents, but it was increased to twenty-two cents by the state board yesterday.

All of the local levies have been made by the township trustees, county, town and city officials, and in order to arrive at the exact rate for each taxing unit, all that is necessary is to add the state levy.

The levy for state benevolent institutions was increased from 3.9 cents to 5.9 cents. The state tuition tax rate was increased from 5.2 cents to 5.6 cents. The increase of 1 cent for the educational institutions makes the state revenue levy 3 cents. The vocational levy remains at 2 cents and the state highway levy at 3.9 cents. The new levy for the state war memorial is 0.6 cents.

The combined rate for each unit in the county will be as follows:

Carthage corporation, \$2.01, an increase of 67 cents; poll \$2.75.
Ripley township, \$1.57, an increase of 54 cents; poll \$1.50.
Posey township, \$1.44, an increase of 38 cents; poll \$1.00.
Walker township, \$1.68, an increase of 60 cents; poll \$2.00.
Orange township, \$1.79, an increase of 66 cents; poll \$1.75.
Anderson township, \$1.57, an increase of 52 cents; poll \$2.25.
Rushville township, \$1.15, same as this year; poll \$1.75.
Jackson township, \$1.83, an increase of 86 cents; poll \$1.75.
Center township, \$1.26, an increase of 38 cents; poll \$2.25.
Washington township, \$1.215, an increase of 42 cents; poll \$1.00.
Glenwood corporation, \$1.695, an increase of 47 cents; poll \$1.75.
Union township, \$1.405, an increase of 44 cents; poll \$1.50.
Noble township, \$1.45, an increase of 48 cents; poll \$1.00.
Richland township, \$1.26, an increase of 36 cents; poll \$1.50.
Rushville city, \$2.115, an increase of 42 cents; poll \$3.00.

It will be noted that the rate is increased in every unit in the county with the exception of Rushville township, where it will be the same next year as this. The increases for the most part were due to the increased expenses of conducting the schools and in some instances due to renewed activity in road building, which resulted in the gravel road bond and interest tax being boosted.

ACCEPTS BANK POSITION

Luther Colestock, a former employe at Oneal Brothers, has accepted a position as a book keeper in the Rushville National bank.

BLACK FUNERAL THURSDAY

The funeral services for Charley Black will be conducted tomorrow afternoon at two o'clock at the residence in N. orth Hannah street by the Rev. C. S. Black. Burial will be made in East Hill cemetery.

MOVING TO NEW YORK

Mrs. Tom J. Geraghty and family will leave in a few days for New York City for permanent residence, according to word received here from Hollywood, California, where they have been living for the past few years. Mr. Geraghty recently accepted a position as manager of the Famous Players-Lasky motion picture studio at Long Island City.

SEES REPUBLICAN VICTORY

Former Newspaper Publisher Visits
in Rushville Today

Frank X. Morrison of Worthington, Ind., former newspaper publisher, who is traveling over the state as a representative of the republican state committee, visited here today for a few hours. He could see nothing but rosy prospects for the republican party in the fall election.

Mr. Morrison declared that the republicans would roll up a majority of 80,000 in Indiana and that a number of counties which have always been democratic would go republican. He asserted that in his travels over the state he had found the democrats unorganized.

ANKLE BROKEN WHEN TRUCK HITS BUGGY

Physicians Says Mrs. Grover
Thompson Will be Permanent
Cripple as Result of Accident

BONE PROTRUDES 6 INCHES

Mrs. Grover Thompson of near Milroy, is in the Dr. Sexton hospital in this city, as the result of an accident yesterday afternoon about three o'clock, when the buggy in which she was riding was struck and turned over by an automobile, three miles north of Milroy. Mrs. Thompson sustained a broken right ankle.

She was accompanied in the buggy by her mother, Mrs. James Snoddy, and pulled out to the side of the road to allow a large truck pass, and as the road had just been graveled and scraped, the truck skidded and struck the buggy overturning it.

Mrs. Thompson was taken to the office of Dr. C. S. Houghland in Milroy and when the seriousness of her injuries were ascertained, she was brought to the local hospital. The bone of her leg at the joint penetrated the flesh for six inches, and the ankle bone was broken. She will be a permanent cripple, as the ankle joint will be left stiff, the physician says. Her mother escaped with only a few bruises.

The truck was built to resemble a house and was being driven from Michigan to Florida.

HARDING'S PRIVATE CAR JUMPS THE TRACK

Presidential Party in Narrow Escape
When Train Bumps Along
Ties Over Narrow Trestle

TRUCKS OF THE CAR BREAK

Millwood, W. Va., Sept. 29.—Sen. Warren G. Harding and his entire party had a narrow escape today when his private car jumped the track near Millwood, W. Va., and bumped over the ties across a huge narrow trestle before the train could be stopped. No one was injured.

The front trucks of the car were smashed. The party was immediately transferred to another car and continued on their journey, leaving the private car standing on the track.

The train was travelling 40 miles an hour when the trucks of the Harding car broke, while entering a switch. Railroad employees stated the switch was not open. The rear truck of the "Ideal" jumped the track. The train ran 900 feet across the trestle over a large creek before it was stopped.

Senator Harding was in his drawing room at the time of the accident and Mrs. Harding was in her private compartments. They came out of the car calmly looking along the derailed car.

All that saved the Harding car from falling over the trestle into the creek below was the timber guard railing along the end of the cross ties. All other cars stayed on the track.

GAMBLERS IN CONSPIRACY INDICTED; TO PROBE "FIXING" OF 1920 SERIES

True Bills Returned Against Men
Alleged to Have Conspired to
Throw 1919 Games. Report Cleveland Was to Win Coming Series to be Investigated.

(By United Press)

Chicago, Ill., Sept. 29.—The first indictments against gamblers alleged to have been connected with the conspiracy to throw the 1919 world's series to Cincinnati, were returned by the grand jury today.

"Sport" Sullivan and a man named Brown were named as the "fixers" by Claude Williams, the third of the indicted players to confess to the charge of conspiring to do an illegal act.

Indictments followed immediately after Williams told his story to the grand jury. Williams named all of the gamblers who were involved in the deal, according to Assistant State Attorney Replogle.

Judge MacDonald announced Williams made a "complete confession." Immediately after telling his story to the judge, the player was taken before the grand jury.

Williams involved the same eight players as Cicotte and Jackson mentioned in their stories, the judge said.

"We now have all the evidence necessary to go ahead and prosecute everyone interested in the conspiracy—players and gamblers alike," the judge declared.

"We don't need any more evidence."

New York, Sept. 29.—District Attorney H. Lewis announced today that he will start an immediate investigation into the report that a gambling clique was operating in an attempt to bribe the players of the Brooklyn team to throw the world's series this year to the Cleveland Indians.

Lewis said that following rumors published in New York of such an attempt, he sent a message to State's Attorney Hoyne in Chicago and also got in touch with officials of the Brooklyn club.

The latter assured him the entire team would appear in his office Friday morning.

With the information that Hoyne was in New York, Lewis said he communicated with him immediately.

"If there are any players on the Brooklyn team concerned in any way in this matter, I will suspend them at once," Charles H. Ebbetts, president of the Brooklyn club, told District Attorney Lewis today.

DELAY IN WHEAT SOWING IS URGED

On Account of Warm Dry Weather,
Hatching Out of Hessian Fly
Eggs is Later

ADVICE OF THE COUNTY AGENT

Thinks Farmers Would Profit by
Waiting Until Next Week—Fly
on Volunteer Wheat

The rain of Monday has made conditions favorable for the hatching out of the Hessian fly and they are now coming out in great numbers and laying their eggs on volunteer wheat. On account of the warm dry season during the past few weeks, the hatching out of the fly is later than was first announced and for this reason October 1 might be two or three days too soon to sow wheat, it is believed. It is the opinion of County Agent Ball that wheat not sowed until next Monday or Tuesday will be safe.

Farmers over the county are co-operating very nicely in the matter of delaying the sowing of their wheat, only a few going ahead in the face of certain fly damage. The majority of the farmers are not planning to begin sowing before next Monday, and these should be safe from fly damage unless they have some neighbor who would not wait. One early sown field can infest a whole neighborhood next spring, even if the majority of the wheat was not sown till the safe date.

The seed treating plant is busily engaged this week, and up to and including last night a total of 327 bushels of wheat had been given the hot water treatment so far this season. Yesterday was the banner day, when 85 bushels were given the treatment and today County Agent Ball expected to treat 100 bushels.

A test being conducted at Shelbyville by H. C. Painter, representative of the federal government has clearly disclosed that it has paid farmers to wait until the fly-free date to sow their wheat. Mr. Painter's research work has shown that the danger of the Hessian fly damage will soon be passed and that farmers, after waiting this long, can not afford to endanger their crop by not postponing sowing a few more days.

It is stated that the rain of this week caused the fly to hatch so rapidly that the danger will be past in a few days. September 30 was fixed early in the season as the fly-free date.

CENTER ENERGIES ON REGISTRATION

Political Managers Make Final
Drive to Get Voters Qualified For
Voting Nov. 2

LAST REGISTRATION MONDAY

Campaign is Expected to Grow More
Interesting—Republican Meeting
Saturday

Political managers in the county are centering their efforts this week on emphasizing the urgent necessity of unregistered voters registering next Monday. This will be the last opportunity to qualify for voting November 2 and those who do not take advantage of it will lose their ballot on the day of the general election.

The republican organization especially is working night and day to get the unregistered voters to the registration places Monday. The most unremitting work has been done by the county women's organization, headed by Mrs. A. L. Stewart, in registering republican women on blanks prepared for that purpose so that they will not have to visit the registration places Monday.

They have further been emphasizing the importance of every voter, if there is any doubt in his or her mind about being registered properly, interviewing the precinct committee to see if their name is on the registration lists of the precinct. If a voter's name is not on the official registration lists, they will be challenged when they go to the polls November 2.

The importance of this advice may be understood when it is remembered that several women, and even a few men, registered in the wrong precinct, and that in one case which is known, the names of a man and his wife who registered in their own precinct, do not appear on the registration lists of that precinct. Persons who moved from one precinct to another are also required to register in the precinct in which they now live in order to have the privilege of voting in the election.

With only five weeks intervening between now and the election, the campaign is expected to reach the white stage shortly. The republicans will hold their first meeting since the chauntatqua Saturday afternoon at the court house when Sen. George H. Moses of New Hampshire and Mrs. Theodore Whitmore of Minneapolis speak.

The announcement of the meeting

PREDICTS FROST TONIGHT

Weather Man Issues Warning to
That Effect Today

The first frost of the autumn is predicted for tonight, in a warning sent out this morning by Charles F. Marvin, chief of the U. S. Department of Agriculture for this district. The weather indications for tonight are fair and cooler with frost. The temperature last night fell to 50 degrees in Rush county, and in other places in the state a lower temperature was recorded. At Ft. Wayne it was reported as being 46 and at Indianapolis the same.

Farmers as a whole will welcome the news of a frost as corn ripened very good during the hot days of last week, and is now ready for a frost. The frost tonight in all probability will be light, and may affect only the low places.

COX MAY SPEAK HERE MIDDLE OF OCTOBER

Democratic Presidential Candidate
Is Expected to Stop off Here For
Short Address

CONNERSVILLE IS NOTIFIED

Governor James Cox, Democratic presidential nominee, will most likely stop off in Rushville sometime during the middle of October, if word from Connersville is to be considered reliable information, as the committee in that city has received word that he will pass through on the C. I. & W. railroad enroute from Dayton to Indianapolis, and will stop for an hour in Connersville, and later in this city. The local democratic central committee had not received any word to that effect, but the Fayette county chairman has been notified that the special train will remain in Connersville for an hour in the afternoon that he passes through that city.

The Connersville News-Examiner contains the following:

"The plans for the coming of Governor Cox to Connersville for a speech, about the middle of October, are already taking shape in the depths of the Democratic county organization. The candidate's coming is certain and the train will be here, an hour. A shorter time than that was at first set aside for Connersville, but on representations from Claire Currie, the state managers decided to have the Governor to stop here for the full sixty minutes. It is thought that he will be here in the afternoon and will make a similar stop in Rushville before continuing his trip to Indianapolis.

DECLARES PRICE OF GASOLINE WILL DROP

Former President of Oil Manufacturing Association Says Surplus Will be Accumulated

NEW PLANTS BEING BUILT

(By United Press)

Denver, Colo., Sept. 29.—Prices of gasoline will soon follow the lead of other commodities in the declining of prices, according to W. H. Barker of Minneapolis. Barker is president of the W. H. Barker company, manufacturer of oil products, and was former president of the Independent Oil Manufacturing association, now in conference here.

"The price of gasoline is too high," he declared. "Millions of dollars are being spent to construct plants to manufacture the by-products of petroleum. Eight huge plants will be operated in Oklahoma, Kansas and Texas shortly after January 1. These plants will cause a surplus and you can expect prices to drop."

Paige Prices Drop

Detroit, Mich., Sept. 29.—The Paige-Detroit automobile company announced a reduction in the prices of all models of the Paige automobile ranging from \$155 to \$250.

CALENDAR FOR OCTOBER POSTED

Includes Number of Civil Suits But
Only Few Criminal Cases Will
be Tried

GRAND JURY MEETS FRIDAY

Gregg Aiyea Case Will Probably be
Set For Latter Part of Term,
Judge Being Appointed

Judge Will M. Sparks has posted the court calendar for the remainder of the September term, and during the month of October many of the civil cases will come up for trial. The month of October is pretty well filled with cases, except toward the end of the month which is left open to take care of cases that might be filed.

On Saturday of this week, there are three divorce cases set for trial. Only two, or three of the cases listed for October are criminal cases. The present term will end on November 6, and the November term of court will open a week later.

The grand jury will meet for their final investigation of the Arlington murder and a few other things on Friday. In case a true bill is returned against Fred Dunn, alleged wife murderer, his trial will most likely be set during the last week of October, as their is a lull in the calendar during that time.

The conspiracy case of the state against Gregg Aiyea, will most likely be tried during the latter part of this term of court. When the attorneys failed to agree upon a special judge the matter was left to Gov. Goodrich, and he has appointed George H. Ward of Winchester to hear the case.

The court calendar for October is as follows, but is subject to change without notice:

Oct. 1—Bradley vs Bradley.
Oct. 2—Buckner vs Buckner; Newsom vs Newsom; Preston vs Preston.
Oct. 4—Wood vs Prater.
Oct. 5—State vs Jones.
Oct. 6—Hilligoss vs Hilligoss.
Oct. 9—Pattison vs Pattison (two cases).
Oct. 11—Carpenter vs Daubenspeck; Smith vs Horrall.
Oct. 12—Herkless vs Mauzy; Boord vs Harold.
Oct. 13—Dalmbert vs Adams; Capitol Co. vs Murphy.
Oct. 14—Jeffreysmith vs Coulter; Innis vs Coulter.
Oct. 16—Woods vs Woods.
Oct. 18—Acme vs Coulter; Thompson vs Coulter.
Oct. 19—Crull vs Conway.
Oct. 20—Groce vs Geise; Johnson vs Groves est.
Oct. 21—Craig vs Wilson.
Oct. 30—Ball vs Ball.
Nov. 6—Sept. term adjourns.

MAY RECOVER

Hopes were held out today for the recovery of Lon Willey of near Gowdy, who underwent an operation at the Sexton hospital Monday evening for appendicitis.

FARLEY FUNERAL HELD

Funeral services were held this afternoon for Mrs. Ollie Farley who died yesterday morning at 520 West First Street. The services were conducted by Capt. Marks of the Salvation Army, and burial was made in East Hill cemetery.

OPERATION IS SERIOUS

Harry Horsley of Connersville, the son-in-law of Mr. and Mrs. Al Linville of this city, underwent a very serious operation in a Newcastle hospital yesterday. Mr. Horsley was injured during the war while engaged as a motorcycle dispatch bearer and never fully recovered.

RAVENSCRAFT FUNERAL

The funeral services for Ida Vivian Ravenscraft, 24 years old, daughter of Mr. and Mrs. William Ravenscraft, who died yesterday morning, will be conducted tomorrow afternoon at 1:30 o'clock instead of 2:30, which was announced yesterday. The Rev. J. T. Aiken will have charge of the services.

DELAY IN WHEAT SOWING IS URGED

Continued from Page One
free date for Rush county, but the unusually warm weather of September has made postponement for a few days necessary.

All volunteer wheat in Shelby county, as well as this county has been infested with the fly, but another test has been carried out at Shelbyville to watch the development of the fly and determine when it would be safe to sow.

Three test plots were sown by Mr. Painter and all have been covered with the fly each day for several days. If the hot dry weather of last week had continued, it would not have been safe for several days to put out the wheat crop, in the opinion of farm experts.

CAN'T EXPRESS HER GRATITUDE

Says She Was In Bed For Many Weeks Before Taking Tanlac—Now Well And Strong

"I just can't find words to express my gratitude for what Tanlac has done for me," declared Mrs. Anna Pruitt, 340 South Hamilton ave., Indianapolis, Ind.

"For seven years or more I had suffered from nervous indigestion and during the past year I was down in bed for weeks at a time. My appetite was very poor and my food caused me intense suffering. After every meal I would bloat up with gas and my heart palpitated so bad that I became frightened. I also suffered with severe headaches and awful dizzy spells and was almost a complete nervous wreck, for I could never get a good night's sleep, often I had weak, fainty spells and would break out all over in a cold sweat, sometimes even having a chill, when I just had to give up and lie down and I hadn't been able to do my housework in a year.

"I had taken only a few doses of Tanlac before I commenced to feel better. I continued to improve till today I am about as happy a woman as you can find in Indianapolis, for all my troubles are completely gone. I have a good appetite, never have a sign of indigestion, my nerves are in fine shape, and I can do my housework with the greatest ease."

Tanlac is sold in Rushville by F. B. Johnson Co., in Midway by Dallas Copper, in Memphis by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McGarty, and in New Salem by Mrs. Jos. Hankins. R. B. 2—Adv.

Ramp-Down Reels

By HOWARD L. RAMP

THE ELECTRIC STOVE

THE electric stove is a successful device which prevents the housewife from being overcome by the heat and baked to the dull, reddish brown aspect of the Arkansas squaw. A woman can stand in front of an electric stove all day and run it with one hand, while beating up a sponge cake with the other, and still remain as cool and collected as a refrigerator car. In fact, the only person who is liable to become overheated when he looks at one of these stoves is a husband who has just figured the meter rate with a pencil stub and a sinking heart.

Man cannot realize what the introduction of the electric stove means to woman, because he has never posed in front of a soft-coal range for eight hours in succession, trying to prepare

It Does Not Cost Any More to Cook a Thick Beefsteak Than It Does to Buy the Steak in the First Place.

enough food to keep a family of eight children from eating the upholstery off of a hair sofa. The old-fashioned cook stove, with sloping legs and concave stomach, has caused thousands of women to regret having given up teaching country school and entering upon matrimony with one eye closed. Nobody has ever determined the number of heat units thrown off by one of these stoves on a peaceful summer day when the air is vibrant with the melody of birds and the thermometer is running around the track with its tongue out. We do know, however, that many a man has come home at noon, only to be greeted by a wife with straight hair and carnation complexion, like unto the over-ripe tomato, all due to a steel range which was not content with trying to cook what it carried inside.

The electric stove does not have to be fed kindling in the form of coals, but is operated by a simple button, which turns on the heat and the meter at one and the same time. This meter is very fast on its feet, and it is a painful sight for a frugal husband to watch it turn over and devour watts and kilowatts in a reckless and prodigal manner. It does not cost any more to cook a thick beefsteak on an electric stove than it does to buy the steak in the first place, and after the oven has become thoroughly heated it will remain in that condition so long as nobody wants to use the heat.

If some way could be devised to turn back the surplus heat generated by an electric stove into the meter, and get credit at the end of the month, more people would use it without a sense of dark, chilly foreboding.

Birds Nest in Safe Places

A species of swift builds nests which are composed of a gelatinous secretion from the glands inside the mouth. These nests are edible and are a very popular delicacy in the Orient. They are built in cup shape and are attached to the face of the rock in perilous places, making the gathering of them a rather dangerous occupation.

CENTER ENERGIES ON REGISTRATION

Continued from Page One
has aroused much favorable comment because many who have followed the career of Senator Moses declare him to be one of the most talented and capable men in the United States senate. His standing in his own state is disclosed by the fact that he was recently nominated by his party for the senate.

Mrs. Whetmore has been campaigning under the auspices of the national committee and her speeches have met with the approval of republicans wherever she has gone.

On account of the speakers being assigned to Rushville Saturday afternoon and the possibility of the weather being chilly, the meeting was arranged for the court room of the court house. In case the room is not large enough to accommodate the crowd, it is explained that overflow meetings may be held in other rooms of the court house and the speakers will appear at each gathering.

The meeting will begin promptly at two o'clock so that the speakers may have a ray in time for a republican meeting at Knightstown Saturday

Castor Oil Now Made Tasteless

Kellogg's Tasteless Castor Oil 100% Pure Castor Oil

The chemists of Spencer Kellogg & Sons, Inc., one of the world's largest manufacturers of castor oil, have perfected a remarkable process by which all nauseating taste is removed from this good old family remedy. Nothing is removed except the nauseating taste. Strength and purity remain the same—a 100% pure castor oil. You don't have to shudder when you take Kellogg's Tasteless Castor Oil. Doctors have always recommended castor oil, but everyone has dreaded taking it. Mothers can now give children castor oil without their even knowing what they are taking. Grown-ups will also appreciate this new form of the good old remedy. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labelled Kellogg's Tasteless Castor Oil. Three sizes, 15c, 35c, and 65c. (Adv.)

Every Meal a Happy One!

No half-cooked meals, no disappointments—but always happy, expectant faces and big appetites at every meal.

GLOBE Gas-Kol Combination Range

Here's why anyone can prepare delicious, appetizing meals on this range. The same oven is used for either coal or gas—with perfect results. Oven is square and has no obstructions. The bottom is a solid cast plate, insuring an even, perfect baking surface. No dampers, no draft slides, no complicated parts to get out of order. An automatic ventilating system promotes perfect combustion. And the oven thermometer takes the guesswork out of cooking.

Let us show you this range and explain every detail. Come in this week.

GOITRE

of 18 Years Completely Cured for Kansas, Ills. Lady by External Remedy.

Note: It would be illegal to publish these statements if they were not true.

Mrs. Y. R. West, Kansas, Ill. says: "I have used two bottles of Sorbol Quadruple, and my goitre of 18 years is completely cured. My neck is down to normal size. Before using, it would choke me to wear anything around my neck and when I would sit down to eat. Sometimes it was terrible. Last summer I could not do anything. I was so nervous I could not stand for any one to walk around in the house. It hasn't bothered me now for a month. I am now in good health and feeling fine. Will tell anyone my experience."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in healthful, normal condition. Requires ten minutes daily.

Get farther information at Johnson's Drug Store, drug stores everywhere, or write Sorbol Company, Mechanicsburg, Ohio.

On Awakening This Morning

Weren't you reminded of nice, warm underwear, hosiery, night gowns, etc., by old man "Krimpy?"

Yes, Fall has come to stay a while and has started its regular routine of chilly evenings and crisp mornings, which makes us want warm clothes.

We have a complete, new line of underwear, hosiery, etc., which is moderately priced and carries our full guarantee on every garment.

We are headquarters for Ladies' Furnishings with such lines as

Eiffel Hosiery

Setsnug Underwear

Acorn Gowns

Buster Brown Hosiery

Vellastic Underwear

Burson Hosiery

We invite you to come in and let us show you underwear and hosiery which cannot be equaled in quality and price.

We never have to revise prices as our prices are always on the bottom, as a visit will convince you.

A Big Jewelry Robbery

Mrs. Samuel Van Zile Janney was mysteriously robbed last night of jewels valued at \$50,000. The job was done by someone who knew the combination of the safe, and might have been performed after midnight or earlier in the evening while the Janneys were the dinner guests of Mr. Richard Ferguson and his mother.

The detectives have failed to unearth a single clue. Miss Esther Maitland, Mrs. Janney's private secretary, is the only member of the household who knew the combination, and in her Mrs. Janney says she has absolute confidence.

The trust, however, was considerably shaken when a mysterious telephone conversation was overheard between Miss Maitland and Chapman Price, the husband of Mrs. Janney's daughter. Mr. Price left home yesterday afternoon after a bitter quarrel with his wife.

Further developments in this interesting robbery case will be unfolded on the screen at the Princess Theatre today when Blanche Sweet will be seen for the first time in "The Girl in the Web," her newest Jesse D. Hampton-Pathe feature.

HIS LEAD IS GROWING

Senator Harding's lead in the Rexall straw vote is increasing, according to the votes cast at the local drug store Tuesday. The totals for Rushville is now at 519 for Harding and 235 for Cox. Yesterday Harding received 49 and Cox 17. Thirty-two men and 17 women voted for the republican nominee and 17 men and 10 women for the democratic candidate.

8 POUND BOY BORN

A eight pound boy was born last night to the wife of James Wilson, living east of this city.

TO EVERY READER

There is no pure herb family medicine in the world today that can equal the power and give such grand results in regulating the bowels, stimulating the liver, flushing and cleansing the kidneys, sweetening the stomach or purifying and enriching the blood—than

BULGARIAN BLOOD TEA

Those who suffer with stomach, liver, kidney, rheumatism or blood troubles will find Bulgarian Blood Tea the best medicine to relieve and correct these ailments. It is wonderful how quick you will begin to pick up and be your old-time self again.

During the 1918-1920 influenza epidemic Bulgarian Blood Tea was used by countless thousands of sufferers with marvelous success and millions of people took it steaming hot to prevent and ward off the disease.

As a general first aid family medicine it has no equal and every person should have a box constantly on hand for any emergency—to kill colds, allay fevers and guard against influenza, pneumonia or other serious sickness. And all mothers and fathers of families should apply at once to their druggist or grocer for a trial box of Bulgarian Blood Tea.

WILL NOT SPEAK SATURDAY

Senator Watson Not to be in Morristown Due to Conflict

The republican meeting scheduled for Morristown next Saturday afternoon has been called off, it was reported here today. Senator James E. Watson was scheduled to speak there at two o'clock in the afternoon, but it was stated that due to a conflict in making his speaking dates at republican state headquarters, he would be unable to speak at Morristown. He will probably be there later in the campaign.

Miss Elvora Barger of Indianapolis was to appear with Senator Watson and arrangements had been made to use the tent belonging to Glen Miller of this city.

THOMAS FUNERAL HELD.

New York, Sept. 29.—Funeral services for Olive Thomas, motion picture star who died in Paris from the effects of taking poison drew thousands of persons to St. Thomas church yesterday afternoon. The police lines were broken frequently by the crowd, which consisted mostly of women.

SERVICES AT RESIDENCE

The funeral services for Joseph Clawson, who died yesterday morning at the home of Mr. and Mrs. Bert Trabue, will be conducted tomorrow afternoon at 2:30 o'clock at the latter's resident in North Harrison street. Burial will be made in East Hill Cemetery.

Back Hurt?

When the kidneys do not properly do their work or purify the blood stream, waste products and poisonous acids remain in the system and cause backache, rheumatic pains, lumbago, sore muscles, swollen joints, stiffness, lame back and similar symptoms.

Foley Kidney Pills

regulate and restore the healthy, normal action of kidneys and bladder, bringing clean blood and better health, with freedom from aches and pains.

J. George Higgins, Bennington, Vt., writes: "Last fall I was attacked with lumbago and suffered untold agony. I had a severe pain across my back and at times could not dress or undress myself. I was advised to take Foley Kidney Pills for my trouble. After taking them for a few days the pain in my back left me and I have not had any lumbago since that time, although that was months ago. I recommend Foley Kidney Pills to all who have lumbago."

Transportation Improves

The group of irresponsibles among nine workmen who thought they would defy the United States government, and go on "vacations", as a means of defeating the Government wage award, have found out the error of their way, and have returned to work.

The uneasiness concerning coal for the coming winter has been general. Several weeks ago the Interstate Commerce Commission issued an order giving preference for the shipment of 1,250,000 tons of coal monthly to New England through tidewater ports from Hampton Roads to New York. The situation has improved sufficiently so that the present continuance of this emergency order is regarded as unnecessary. According to the Railway Age the latest statistics regarding the amount of freight being moved by the railroads demonstrate that there has been as yet no decline of general business activity in the United States. This is evidenced by the fact that the demand for cars is greater than the railroads can supply. However, it has also been made plain by the statistics that the efficiency with which the railways are being operated is still increasing. For instance 273,755 more carloads of freight were handled in four weeks of August, 1920, than for the same period last year.

Railway management—under private ownership of the roads, has succeeded in speeding up the handling of transportation far beyond anything shown in the days of the Railroad Administration, when "emergency orders" were an every day occurrence. When the railroad executives set a mark for an average of thirty miles per day per car several weeks ago supercilious politicians around Washington who had-

not been able to get anywhere near that goal under public operation, said, "it can't be done." But the railroad managers and operators have gone ahead and made good on their promises, very much to the delight of the shippers of the country.

Up and Out

Insistent demands for an increase in wages continued to be made from time to time, but we fear the people who make them do not stop to count the ultimate cost of their demands.

Wages and salaries in this country are high now—very high.

This fact, coupled with the excessive cost of raw materials, makes the production of a finished article a very expensive proposition.

Regardless of this expense, we have a large foreign trade, because other countries just now must have our goods.

But some day—not far hence—Europe will be recovering from her war paralysis, her internal affairs will become adjusted, and she will be producing these same articles herself. The cost of labor there will be much less than here, and raw materials will probably cost no more.

When that time comes Europe will produce these articles at a cost far below ours, and the rest of the world will buy where they can get the goods at the lowest prices.

Then what will become of our extensive foreign trade?

Before trying to boost labor and other costs still higher it might be well to think of the after effects.

It is quite possible to go up in price and out of a job.

As an angel, the Democrats insist that Baruch is apocryphal. Indianapolis News. It would be a safe assumption that if Senator Harding were to use such a word as that, the Indianapolis News would devote a column on the editorial page to ridiculing it.

A reader insists that it is possible even in these sordid days to get something for nothing. But at that, we fear the something would amount to nothing after we got it.

It must be a bitter pill for Bill Blodgett to follow Tom Taggart around the state and write optimistic stories about the way he is being received.

"Men may vote for this office." And to think that some day we may come to that!

It don't pay to go through life with a scowl on your face. You get too many in return.

What we need in this country is something that will induce us to make the best of what we have.

WOMEN WIN RIGHTS
IN FAR AWAY JAPAN

Law Amended So That Women Shall Assemble in Gatherings to Listen to Political Addresses.

SUFFRAGE STILL IS FAR OFF

(By United Press)

Tokyo, (By Mail)—While the cause of female suffrage has made victorious advance in the United States, the retiring ladies of Japan are having their innings, although in a very modest way. Woman suffrage is still a very long way off in the lands of the Orient, but there have in recent years been several indications that they will gradually follow the footsteps of their sisters in the Occident. Thus women have taken a prominent part in several kinds of organizations, and recent meetings of the labor unions which exist here, have seen women not only among the members, but also taking a prominent position on the platform.

Now the authorities have been impressed with trend of the times to the extent that they have decided to give them a little more latitude than they have heretofore enjoyed. Thus the law relating to politics, says: "Women, minors, persons deprived of their civil rights and persons adjudged incompetent shall not join political associations. Women and minors shall not assemble in gatherings to listen to political addresses nor participate in such gatherings."

The law has now been amended so they may attend the meetings, but the rule excluding them from joining political associations still holds good.

Sap and Salt

By BEET MOSES.

All ideas are dangerous to somebody.

Plumpness in woman is becoming, even if it isn't stylish.

The only one who can cure a bad habit is the guy who has it.

How foolish you feel when you lift your foot for a step that isn't there!

Hex Heck says: "Blessed is that woman who is satisfied with what she can afford."

Why does a woman court popularity among many men when one is usually all she can stand after she gets him?

HUDSON CARS DOWN

Detroit, Mich., Sept. 29—The Hudson motor car company, manufacturing the Hudson and Essex automobiles, Tuesday announced a reduction in their models, ranging from \$200 to \$250. The new prices will become effective immediately. Touring car models were reduced to the lowest figure, it was stated.

FRONT PORCH GOSSIP

By RAYMOND CLAPPER
(U. P. Staff Correspondent)

Marion, Ohio, Sept. 29—Every body knows Senator Harding lives in Marion. That's how a train conductor happened to direct a young woman who was on her way to work for Senator Harding to Marion, Indiana. She arrived and called up the Harding headquarters there but found they hadn't offered her a job. She arrived at the right Marion six hours late.

Mrs. Harding wears inexpensive gloves around Marion, but she wanted to do the Minnesota trip right so she took along a pair of brand new white kid gloves to use at the public reception in the St. Paul state house. After two hours handshaking she pulled off the right glove—ripped and looking as if she had been making mud pies with it. But her hand stood the ordeal much better than the glove. A slightly stiff wrist was the only after effect.

Frank Blacksten, who has been Harding's chauffeur twelve years, is one of Mrs. Harding's strongest boosters. He has a college education and owns a prosperous little farm near Marion. But he sticks to the wheel because he likes the Hardings. He and Mrs. Harding always outvote the senator regarding routes and all issues raised during motor trips. Frank doesn't like to lose any time while motoring and the speedometer often gets over forty miles. But the only time Harding was ever arrested for speeding he was going only eighteen miles an hour when the limit was fifteen. He got off for five dollars and costs. That was at Delaware, Ohio, twenty-five miles from here. Harding never takes the Delaware road now if he can get through any other way.

Harding is a natural two-armed speaker. It bores him to have to hold a manuscript in one hand and read his speeches. But the climax came at the Minnesota fair speech when he had to hold his manuscript in one hand and a mouthpiece connected with the amplifying device in the other hand. He would forget himself and begin to wave it around in a gesture. The chairman had to remind him several times during the speech to hold the instrument to his mouth.

A PLOT IS FRUSTRATED

Attempt to Blow up London Irish Office And Treasury Building

London, Sept. 29—Scotland yards has frustrated a plot to blow up the Irish office and treasury building, it was declared by Scotland yard officials today.

Sinn Feiners and Bolsheviks planned the explosion. The plotters planned to have a taxicab loaded

with high explosives stop before the building. Armed men were to rush into this district after the explosion and inflict as much damage as possible.

The officials said a number of secret arrests had been made. A number of others were implicated. Other plots were reported, especially if Lord Mayor M'Sweeney dies.

Tobacco Seeds Small.
Tobacco seeds are so minute that a thimbleful will furnish enough plants for an acre of ground.

Eruptions of the Skin
Cause Torturous Itching

If you are afflicted with any form of skin disorder, you are well acquainted with the flaming, burning itching that these diseases produce.

Skin diseases are caused by an impurity or disorder in the blood, and there is no real and genuine relief within your reach until such impurities are removed. S.S.S. has given great satisfaction in the treatment of these dis-

orders, because it is such a thoroughly satisfactory blood purifier. It cleanses the blood of all impurities, and thus counteracts the effects of the germs that attack the skin.

Begin taking S.S.S. today, and if you will write a complete history of your case, our medical adviser will give you expert advice without charge. Address Chief Medical Adviser, 158 Swift Laboratory, Atlanta, Ga.

SOCIETY

The Marian Social Circle will meet tomorrow afternoon at the home of Mrs. Ed Bishop in North Sexton street. The assisting hostess will be Mrs. William Fitzgerald.

The Sons of the American Revolution and the Daughters of the American Revolution will give a combined banquet Friday evening, October 1, at the Windsor hotel. The banquet will be the opening of the fall meetings.

Mr. and Mrs. Alden Johnson of near Rushville had for their dinner guests Sunday Mr. and Mrs. James Johnson and son Virgil and daughter Vera of near Orange. In the evening Mr. and Mrs. Paul Davison were also guests.

Mr. and Mrs. Claude Krammes and family of near New Salem had as their dinner guests Sunday, Mr. and Mrs. George Krammes and Mr.

and Mrs. J. R. Dearing, all of west of the city, Mr. and Mrs. Albert Krammes and Will Stamm, all of near Orange. In the afternoon the guests motored to Beuna Vista where they visited relatives.

Mr. and Mrs. John Dewester entertained with a dinner party Sunday at their home four miles east of the city. The guests were Miss Kinsley, Mr. and Mrs. Thoms of Shelbyville, Frank Adams of Danville, Mr. and Mrs. G. Robinson of Martinsville, Mr. and Mrs. Suber and children of Acton, Mr. and Mrs. Charles Inlow and children, Mrs. G. W. Ross of Homer, Mr. and Mrs. Boyer of Seymour and Mr. Soltz of Indianapolis.

Mrs. Charles Osman was hostess for the Wednesday Afternoon Sewing club this afternoon at her home in West First street. The guests enjoyed the social afternoon over

various kinds of needlework. Refreshments were served at the close of the meeting.

Members of the Century club were entertained last night at the home of Mr. and Mrs. Charles Winslow south of the city.

Mr. and Mrs. William H. Meyer entertained Mr. and Mrs. J. W. Peters and Mr. and Mrs. Charles G. Meyer with a six o'clock supper Tuesday evening at their home in Union township.

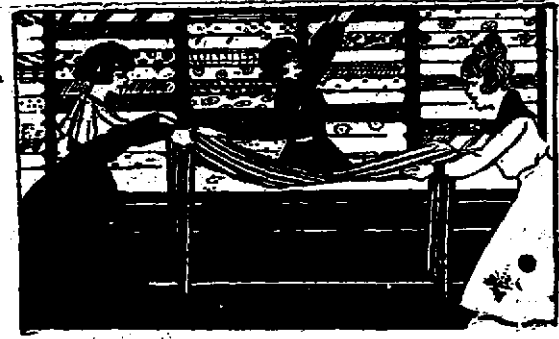

The Ben Davis Creek Mission day, Oct. 3, at 11 a. m. with Miss Wilma Hunt leader. All members are urged to be present and visitors are welcome. The Little Light Bearers will meet at the same hour, in charge of Miss Alice Peters.

The Willing Workers Sunday school class of the St. Paul's M. E. Sunday school will meet tomorrow afternoon at 2:20 o'clock at the home of Mrs. Charles Baker, 532 North Morgan street. All members are urged to be present as officers will be elected at this time.

Announcement was made today of the marriage of Miss Nelle Amos, daughter of Thomas Amos of this city, and William Frank of Connersville, which occurred July 31, at Newport, Ky. The announcement was quite a surprise to the bride's many friends in this city. The bride has been employed as book keeper at the First National bank of this city for the past few years. The bridegroom is employed as a mechanic in Connersville, and is a popular young man of that city.

The Meyer reunion was held Sunday at the home of Mr. and Mrs. George H. Meyer of Union township. A bountiful dinner was served at the noon hour to the following guests: Mrs. Guss Lowe of Cincinnati, Ohio; Mr. and Mrs. John Shaw and daughters Hazel, Goldie and Alice, of Milroy; Mr. and Mrs. Lewis Meyer and daughter Irene of Shelbyville; Mr. and Mrs. William Meyer and son Raymond of Sumner; Mr. and Mrs. George Meyer and daughter Mildred, Mr. and Mrs. Irie Gazell and Mr. and Mrs. George Pulscamp, all of Brookville; Mr. and Mrs. Edwin Meyer and sons Robert and William, Mr. and Mrs. William H. Meyer and children, Walter and Martha May, and Mr. and Mrs. Charles G. Meyer.

The quickest and most efficient shop in Rushville. No work is sent to outside cities for cleaning, but is cared for in our own establishment, and we invite inspection. REMEMBER OUR CLEANING DAYS AND LET US PROVE TO YOU WHAT WE MEAN BY PROMPT AND EFFICIENT SERVICE

XXth Century Cleaners

WHAT THE SPHINX SAYS

By NEWTON NEWKIRK.

"How human it is to remember those who owe us and to forget those we owe."

"Tweedledum and Tweedledee." We understand that the expression "tweedledum and tweedledee" is used to designate two things between which there is the smallest possible difference, and is applicable to disputes over trifles. It is also applied to nonsensical discussions such as the old logicians indulged in, e. g., when a farmer takes a pig to market, is the pig going with the farmer or the farmer going with the pig?—The Wire Message.

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

Beauty Chats

STEAM BATHS

IF EVERY woman who thinks that her regular bath is keeping her skin clean, could see the amount of dead cuticle and dirt and oily matter that the massage in a Turkish bath place gets out of the skin of a "clean" person—she would certainly become a regular patron of these bath places.

Turkish baths are beyond the reach of most folks, unfortunately, since only the larger towns possess them. And the home steam cabinet is the only substitute. Yet even this home method will open the skin as an ordinary bath never could, and free the pores of all the clogging waste matter in them; leaving the skin free once more to breathe, carrying off much waste matter, giving one the

the skin becomes clogged, the system sluggish, the brain and liver torpid—the whole being desires only more of the useless laziness. But the Turkish woman attends the bath every week where she is steamed, scrubbed, massaged, lathered, and rinsed with hot and cold water, till her skin is free from every impurity and her whole system is rejuvenated and refreshed. If you cannot take regular Turkish baths, get a cabinet and take steam baths at home.

Tincture of benzoin—not a patented article at all—is a good astringent. Wash the face with hot water and liquid green soap, rinse with hot, then cold water and put a few drops of the tincture in this last rinse. It simply closes the pores. (Copyright.)

He Went 50-50 With His Wife

Surprised to see how quick the new medicine Dreco, went after the troubles. Indigestion and gas, the stomach relieved, sluggish liver aroused, weak kidney strengthened.

"I was certainly surprised to see how quick my wife and I were relieved of our troubles, by taking the new medicine Dreco", declares Harry Dunham of 1521 North 12 street, Vincennes, Ind.

"Both of us were feeling worn out, tired, no energy and had a poor appetite. My stomach would fill up with gas after each meal, making me very uncomfortable, also had griping pains in my bowels, my liver was lazy which gave me dizzy spells and spots would float before my eyes. I often had pains in my back over my kidneys and had to get up several times during the night. My wife was quite nervous and suffered daily from constipation, biliousness, headaches and shortness of breath. The muscle in her back was sore and stiff.

"Since we have been taking Dreco both of us are feeling greatly improved, all our trouble are much better and by the time we finish a full treatment I'm sure we will sound and well. We think Dreco the best medicine ever brought to this city."

All druggists now sell Dreco. It is being especially introduced in Rushville, Ind. by F. B. Johnson Co.

Nothing Better for Beauty Than a Steam Bath Every Week or So.

glow and color only perfect cleanliness can lend, and making one feel young and fresh as never before. In some ways the bath has been the salvation of Turkey and Greece. Their women lead sedentary lives, spending their time dressing, eating, and sleeping. This condition is changing as the countries are waking up to modern culture, but the general fact is still true. Lives spent like this mean that great layers of flesh accumulate, that

Throngs of Saturday Night Shoppers and Residents In All Sections of Rushville Hear SONORA "CLEAR AS A BELL"

Necks were craned, and questions were asked—Where is the music? What Band is it? When the "March of The Marines" was played a man on East Tenth street was heard to say: It's the Indianapolis News Boys Band; they had a stop-over here on their way to Cincinnati."

"Confidentially" it was a SONORA Phonograph located on the third floor over JOHNSON'S DRUG STORE.

The Sonora Model used in this demonstration was a Trovatore selling at \$125.00.

You are cordially invited to call at our show rooms to see and to hear this Highest Class Talking Machine In The World. We have other models ranging in price from \$75.00 to \$375.00.

"CONVENIENT TERMS IF DESIRED."

Hear the Sonora Baby Grand at the Princess Theatre this week while the Pathe Weekly of The Rush County Picnic is being shown.

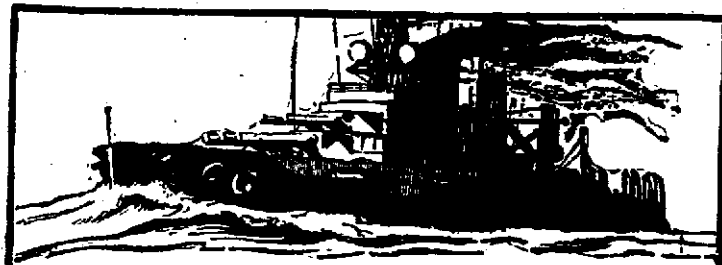

This picture should be of interest to every man, woman and child in Rush County. It stands for something worth while—A mutual friendship between country and city.

"Let's keep this friendship alive." It's the making of a Better Rush County.

Here are the Durable Plushes

The first thing to be considered about Pile Fabric garments is the way they are manufactured.

If they are generously cut, damaged portions eliminated, and well steamed before as well as after cutting, then do they begin to be good garments.

Next the stitching, the proper turning of the edges, and the felling of the lining.

But these are details that we ought not to have to speak of. At this store you can take it for granted that plush coats are so made. The Style, of course, must be right, but the quality of the plush and the perfection of workmanship are points of merited consideration.

CHEAPER COAL EXPECTED

New State Commission Hears Different Sides of Situation

Indianapolis, Ind., Sept. 29—Lower coal prices for Indiana are promised by the state's new coal commission. After a hearing of the jobbers and retailers which will be conducted the latter part of this week, a state wide scale of these prices will be announced, probably Monday.

It was revealed today that operators believed they should be granted a margin of \$3 a ton.

"If we should give the operators this margin they want, prices of coal would be higher than now," Jesse Eschbach, chairman of the commission stated.

WILL SPEAK IN BIG CITIES

Former Sen. Beveridge Will Stump For Republican Party

Indianapolis, Ind., Sept. 29—Former Senator Albert J. Beveridge, has announced that he will make a number of speeches in behalf of the Republican national ticket. All of the speeches will be made in principal cities. He will open his tour with a speech at Chicago, October 2. He will be at Lincoln, Neb., October 4; Denver, Oct. 6; Salt Lake, Oct. 8; San Francisco, Oct. 10; Los Angeles, Oct. 12; San Diego, Oct. 14; Kansas City, Oct. 18; St. Louis, Oct. 20; and Louisville, Oct. 25. He also will speak in Indiana, making several speeches here late in October.

Rush County National Bank
RUSHVILLE, IND

DANGER SEEN IN CUBA'S ELECTION

To Determine Whether Cuban Electoral Laws Are to Prevent Abuses in Selection of a Chief

SITUATION IS COMPLICATED

Two Main Candidates in The Contest are Gen. Jose Gomez of Liberal Party And Alfredo Zayas

By A. L. BRADFORD
(U. P. Staff Correspondent)
Washington, Sept. 29—The State Department here is awaiting the Presidential elections next November in Cuba with an interest proportioned in the United States the only second only to the Presidential same month.

While the choosing of an American President will decide the future foreign policy of the United States, the elections in Cuba will determine whether the Cuban electoral laws as drafted by the United States Government are to prevent abuses and bloodshed in the selection of a Chief Executive of Cuba.

Although requested to do so by the Liberty Party, the American Government has decided not actually to supervise the elections in Cuba. It is stated officially, however, that the fact that "the United States may again be called upon by the Cuban people for a decision regarding the fairness of the election, makes it incumbent upon the Government of the United States to use all available means to observe the conduct of the electoral procedure in Cuba".

As is usual in Latin-American politics, intriguing interest of romance and adventure attaches to the impending selection of a President of Cuba.

The two main candidates in the Cuban elections are General Jose Miguel Gomez, of the Liberty Party, and Alfredo Zayas, candidate of the Coalition League; while General Rafael Montalvo is trying to establish his candidacy as the selection of the Conservative Party.

The Conservative Party in Cuba, on August 27, formed a coalition with followers of Zayas, who was the candidate of the Liberal Party for the Presidency in 1916. By accepting Zayas, the Conservative Party threw over General Montalvo

who already had been proclaimed as the Conservative candidate for President. General Montalvo now claims that he was ousted from the candidacy through fraud and intrigue and that he still considers himself the Conservative candidate. He has taken his case before the Central Elections Board and says that if necessary he will bring it before the Supreme Court of Cuba.

This complicated political situation is made more bizarre by the following "lineup". President Menocal is supporting the candidacy of Zayas; in the election of 1916, Zayas as the Liberal candidate opposed the present Cuban Executive; the present Liberal candidate, General Gomez, led the armed revolution against President Menocal after the 1916 election in support of the candidacy of Zayas; General Gomez is now opposing Zayas; at present the candidate of the Coalition League.

The United States Government is earnestly solicitous that there be no repetition of the revolution following the election of 1916.

The Cuban election laws drafted by Major General Enoch H. Crowder, Judge Advocate General of the United States Army, and who mobilized America's great draft army in the World War, were brought into use in the elections of 1912 and 1916. In March of last year, at the invitation of the Cuban Government, General Crowder again went to Cuba to make a final draft of the electoral law, with a view of preventing a recurrence of certain abuses which had been practiced in the previous elections. This work was completed and the completed electoral laws enacted by the Cuban Congress in August, 1919. The November elections constitute the first real test of the American-written electoral law for Cuba.

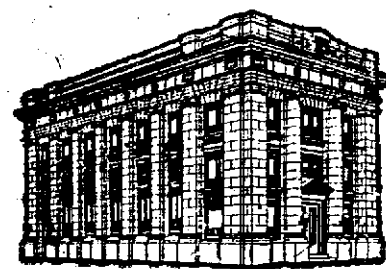

FOR BURNING ECZEMA

Apply Zemo, the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

The E. W. Ross Co., Cleveland, O.

A New Burglar Alarm System

Has been installed and we invite you to call and examine it.

This is one more of the several safety systems that have been adopted by our institutions for the safeguard of our customers' valuable possessions, such as bonds, wills, mortgages, deeds, jewelry and other articles of value.

Each of our Safety Deposit Boxes are insured up to \$10,000.00.

If you have valuable papers or jewelry, we would invite your inspection of our new Safety Deposit Boxes located in our burglar and fire proof vault.

You can rent a box from \$2.00 to \$10.00 per year, according to size.

BEAVER BOARD

FOR BETTER WALLS & CEILINGS

Build More Comfort into the Farm Home

Your farming success entitles you to more home comforts and conveniences. That's what a man works for, after all, so why not have these good things now?

Why let the home get run down just at the time when you should enjoy it most? First, renew the old, cracked, tumbledown walls and ceilings by covering them all with Beaver Board. It will make new rooms of the old ones.

This done, you'll feel like tackling other things because building new rooms with these large, board-like panels is so easy. You can do the whole thing yourself.

Call or write for a copy of this helpful booklet. "Building More Comfort into the Farm Home."

BELIEVE A CURE FOR LEPROSY DISCOVERED

Success is Noted in Treatment of Colony and 36 Patients Are Released on Parole

NEW FORMULA IS PREPARED

(By United Press)

Honolulu, T. H., (By Mail).—Apparent success in the treatment of chronic leprosy with chaulmoogra oil has led to an announcement that the work will be extended to the Kalaupapa, T. H. leper settlement.

Thirty-six patients, recently treated at the receiving station here have been paroled, the doctors believing them cured of the heretofore supposedly incurable disease. Under the terms of their parole they will be kept under close observation for one year.

At the Kalaupapa settlement 50 patients will be selected to receive the treatment first and eventually it will be extended until the remaining 550 lepers in the colony have been treated.

Dr. A. L. Dean of the University of Hawaii assisted by Drs. J. T. McDonald and H. T. Hollman prepared the formula for the chaulmoogra treatment.

ELECTROLYSIS

A GOOD SIGN

Whenever you see the trademark "Holtershoes" on the front of a box lid you may be certain that the contents are thoroughly dependable for the reason that the quality must go in before the name goes on the product.

The manufacturers of "Holtershoes" stand behind every pair that leaves their factory. Look for and insist on having this brand of ladies' footwear.

BOILER MAKERS ARE ROUNDING INTO FORM

Purdue's Grid Squad Takes Shape After Week's Training Under Coach Scanlon

OVER 100 CANDIDATES OUT

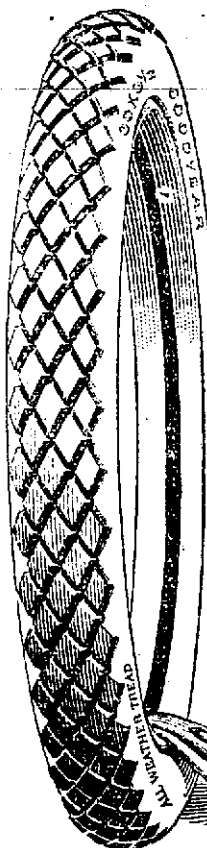

Lafayette, Ind., Sept. 29—After more than a week of hard drilling under Coach Arthur G. Scanlon, Purdue University's squad of 100 odd football candidates are fast rounding into shape and are far ahead of where they were last year at this time.

Coach Scanlon started scrimmaging almost immediately after he took charge of the men and has stated that he is well satisfied with the showing that the men have made. Three of "Butch's" hopefuls have been the victims of accidents which may keep them out of practice for sometime. The men, Kerr, a promising end; Foresman, the man who was to take Huffine's place at the fullback and Murphy star quarterback of the 1918 S. A. T. C. Kerr incurred three broken ribs in scrimmage. The other two are less seriously injured.

Picking an invincible team from his large force of "rookies" has confronted Scanlon with the most difficult problem of the time. Watson, who is Scanlon's speed merchant is bidding strong for backfield position as are the Field Brothers, and Calhoun, all three members of last year's freshmen varsity. Carmen, Boehler, Treat and Jackson all of last year's freshman team are likely candidates for the win positions. Scanlon has a wealth of material from which to pick a strong line which will be built around Birk, the sensational tackle of last year's nine.

Although Coach Edward J. O'Connor of the Boilermaker track team has only two men from his last year's squad, he is holding out hopes for a fairly fast aggregation. Furnas, Purdue's representative at the Olympic games, at Little are the only long distance regulars back. About 25 men are working out under the direction of Coach O'Connor.

The Reduced Cost of Tire Mileage for Your Small Car

Do you realize that Goodyear Tires are priced no higher today than in 1910 and that their mileage actually costs less than it did a decade ago?

During this period Goodyear has been able steadily to increase the amount of mileage built into its tires and, consequently, the cost of Goodyear mileage has actually declined.

In no part of the Goodyear line has this decline been more marked than in the present 30 x 3 1/2, 30 x 3 3/4 and 31 x 4-inch sizes of Goodyear Tires, made especially for small cars.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for them—get the unusual value contained in their construction and delivered in their mileage.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30 x 3 3/4 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size \$4.50 in waterproof bag.

TOY COW COSTS ABOUT AS MUCH AS MILK COW

400 Marks Wholesale Price For Latest Creation of Famous Nuremberg Toy Industry

TIN SOLDIER IS PASSING

(By United Press)

Berlin (By Mail)—A toy cow to-day costs, about as much as a respectable milk cow, including its calf, cost before the war. Four hundred marks is the wholesale price for the latest creation of the famous Nuremberg toy industry shown at the Leipzig fair. This is a cow, made of brown leather, which can moo as loud as its big sister. That's all it can produce.

Owing to the high cost of material, the toy manufacturers were forced to turn from the manufacture of metal mechanical toys—a trade which always has been greatly developed in Germany—to the manufacture of all kinds of animals of leather, velvets and other less costly materials.

The German tin soldier belongs to the past. There is no display of the infantry, artillery, ambulances, dead and wounded enemies and victorious German heroes with which the German children were overfed during the war. Some careful exhibitors, however, brought a few samples with them—for foreign consumers of this special German branch.

Prussian militarism will not threaten the world any more—as far as the toy industry is concerned.
